Amber, the demo/rebuild will be difficult with this tree protected. The tree is a big part of the house. Due to the image file size I'm sending several messages. The neighbors have alerted Mr. Tucker. I've discussed some flooding and drainage issues with him - yes flooding. In 2015 flood the 45th St bridge was closed for water for 4 to 5 hours. There's possible unstable geology; it's in plain site south of the bridge.

The tree situation #1 Placement, cabled.
