

On June 8, 2023, Austin City Council approved: Case C7a-2022-0012, 10701 Dessau Road annexation area (approximately 11.9 acres), located in Travis County near the intersection of Dessau Road and Wandering Way. Full purpose annexation into Austin’s city limits has been requested for this property by its owner. The area is currently in Austin limited purpose jurisdiction within City Council District 1 and is privately owned. The proposed annexation is associated with zoning case C14-2022-0133. The current use of the area is low density single family residential. Annexation of this parcel is not expected to affect the boundaries of Austin’s Extraterritorial Jurisdiction. **This annexation was previously in limited purpose jurisdiction and therefore is already included in the City’s voting jurisdiction. No action required.**
