

Monthly Report on License Agreement 2023-08 August

This report is in agreement with the terms outlined in Section 8.4 of the License Agreement between the City of Austin and Austin Pets Alive! with a focus on APA!'s impact on Travis county through our partnership with Austin Animal Center.

Austin Pets Alive! (APA!) continues to be the city of Austin's largest partner in lifesaving. APA! takes animals that have medical and behavioral concerns that require a higher cost per animal than the average healthy animal, in an effort to have a measurable effect on the live release rate at AAC.

APA! Intakes transferred from AAC:

240 animals were transferred out of AAC to rescue partners in August. 217, or 90.4%, of those were transferred to APA! *The AAC dashboard indicates 208 transfers to APA!, APA! shows 217.* In addition, APA! took in 46 pets directly from owners within Travis county through the PASS program that should have otherwise entered AAC. This makes for a 4.7% intake reduction for AAC.

The AAC/APA! pilot boarding program began in August, with the first 16 dogs transferring to APA!'s care. Three of these dogs were adopted through APA! in August. *The transfer numbers below do not include all boarding dogs, only those who were adopted during the month.*

AAC - Cat Behavior	0
AAC - Cat Bottle Baby	101
AAC - Cat Maternity	9
AAC - Cat Medical	33
AAC - Cat Space	0
AAC - Dog Behavior Large/Medium	5
AAC - Dog Behavior Small	2

TOTAL TRANSFER + DIVERSIONS	263

Operations Comparison

APA and AAC serve the community in tandem and our combined efforts impact the live release rate across the city, county and surrounding areas. For August 2023:

	Intake	S/N at shelter	In Foster (09/05)	Adoptions
AAC	931	456	477	663
APA!	964	512	1,075	867
TOTAL	1,895	968	1,552	1,530

APA! Transfers from AAC as % of AAC Intakes

APA must: (a) select a sufficient number of animals from the At-Risk List so that at the end of each year of the Term APA will have selected from the At-Risk List 12% of the total number of animals taken in by AAS during the preceding year.

Total AAC Dog and Cat Intake FY22	11,990
Transfer target for FY23 (12% of FY22)	1,439
Current 12-month rolling average of transfers as % of prior year intake	13.78%

Impact of APA! Transfers on AAC Live Release Rate for Month

	#	%
Reported AAC Live Release Rate		97.91%
APA! Transfers:		
Animals with no deadline	3	97.69%
Animals with < 2hr deadline	174	80.84%
Animals with >2, <48hr deadline	33	77.61%
Other At-Risk animals	7	76.93%

Survival Rates of AAC Medical Transfer Pets

This looks at the outcomes of pets transferred from AAC to APA! as medical cases in the month prior to the month of the report, to show their minimum 30-day survival rate.

Total Medical Cases Transferred (in July 2023)	151
Status as of 9/7/23:	
Adopted	69
In Foster	44
In Shelter	2
Deceased	36
Survival Rate	76.16%

- 100 = 2.6% of all animals in care
- Most animals who die in care are being actively treated by our medical team and/or are neonatal animals with consistent care from animal care teams or foster homes.
- The APA! Medical Director monitors deaths in care to ensure there is no inadvertent disease spread and to identify if any changes in treatment or protocols need to be made in the future.
- All information is drawn from our ShelterLuv Shelter Management System. We will continue to provide information as requested.
- For 'Owner Surrender - Travis County' - predominantly Distemper /Parvo
