NONPROFIT CHARITY CORPORATION

EIN 27-4250817

September 19, 2023

To Whom It May Concern,

Pick With Austin is a non-profit foundation that supports suicide prevention in both Williamson and Travis County (we also have a presence in Detroit, MI). One of our primary outreach programs is our music program that identifies children and teens that are at-risk of depression which could lead them in the direction of self-harm or suicide. The program has given close to 2,000 free musical instruments (mostly guitars) to youth in our community in order to help provide a positive coping skill and to help endorse creativity leading to expression and self worth.

We have other programs as well and we do network with other organizations in an attempt to reduce suicides and to provide outreach to those in our community that may be experiencing depression.

As such, **we 100% support the City of Austin's 2023 Suicide Prevention Proclamation** and the efforts to help spread awareness and to identify and provide resources in the community. As a 501c3 that has operated in Central Texas for the past thirteen years, we further offer our ongoing support and resources and we stand behind District 6 and the City Council in their efforts.

Please reach out to us at any time if we can provide anything in support of this Proclamation.

Regards,

Jeff Curley
