### **Additional Backup Information:**

Austin Public Health has been awarded funding from a Congressional Directive Spending Project entitled "Austin Travis County Substance Use and Misuse Expanded Programming for Increased Community Awareness and Capacity to Prevent Substance Use Disorder Morbidity and Mortality." This project will support the implementation of a public health prevention and education strategy to reduce deaths from opioid overdose. The strategy uses data to educate the community on a multi-component system, including 1) substance use/misuse and the associated risk of drug use; 2) high-risk populations within the community; 3) substance use prevention programs at partner agencies that will support educational outreach, provide case coordination and the assessment for at-risk populations; 4) linkage of clients with appropriate prevention,

treatment, harm reduction, and recovery programs; 5) expansion of Narcan Risk Reduction education and training of first responders (EMS, Fire, Police, public health), health care professionals, Community Health Workers, people who use drugs, city and transit employees, and other community members; 6) a public education campaign; and 7) healthcare provider education.

Goals for this agreement with Communities for Recovery are still being negotiated and may include:

- Increase community capacity to utilize peer recovery coaches for community intervention and outreach, thereby increasing by three the number of peer recovery coaches at Communities for Recovery providing these services.
- Increase the number of peer support encounters for high-risk populations within the community.
- Increase the number of linkages provided for clients who use drugs to appropriate prevention, treatment, harm reduction, and recovery programs.

Funding in the amount of \$250,000 is available from the Austin Public Health Department Operating Budget Special Revenue Fund. Funding in the amount of \$250,000 for the renewal option is available from Opioid Abatement Settlement Funds from the Fiscal Year 2023-2024 Austin Public Health Department Operating Budget Special Revenue Fund. A City funding match is not required.
