# Event Agreements

- All event agreements require payment of established fees /costs and also post event inspections and require the event to mitigate impacts to the park at the event's expense.
- Post event, PARD coordinates a post event inspection with the event organizer on site. PARD inspection is jointly lead by: PARD Events, PARD Operations, and Pard Turf staff members
- A work list is established, and the punch list is shared with event organizers.
- It is not uncommon for work to start on some items during load out.
- It is not uncommon for additional site visits to be conducted to monitor and approve work.

# Post Event Work Goals

- ❑ Ensure impact mitigation to PARD requirements under PARD leadership
- ❑ PARD may further establish requirements and provide objectives or workflow directives.
- ❑ PARD's goal is to focus on public areas most accessible or beneficial be completed first.
- ❑ Weather may largely affect the flow and timing of work completion.
- ❑ Most impactful weather type condition in the event realm is rain.
