

ZONING CHANGE REVIEW SHEETCASE: C14-2023-0103DISTRICT: 5ZONING FROM: SF-2ZONING TO: SF-3ADDRESS: 1201 Matthews LaneSITE AREA: 0.671 acres
(29,233 sq. ft.)PROPERTY OWNER: Jason ZhangAGENT: Keepers Land Planning (Ricca Keepers) 512-520-5388CASE MANAGER: Cynthia Hadri 512-974-7620, Cynthia.hadri@austintexas.govSTAFF RECOMMENDATION:**The staff recommendation is to grant family residence (SF-3) district zoning.**PLANNING COMMISSION ACTION / RECOMMENDATION:**November 14, 2023:**CITY COUNCIL ACTION:ORDINANCE NUMBER:ISSUES: N/ACASE MANAGER COMMENTS:

The property in question is 0.671 acres, developed with a single-family home and has access to both Matthews Lane (level 2) and Elm Forest Road (level 1). The adjacent sites to the south, east and west are all zoned single family residential (SF-2) and the properties to the north are all zoned family residential (SF-3). ***Please refer to Exhibits A (Zoning Map) and Exhibit B (Aerial Exhibit).***

Staff is recommending family residential (SF-3) zoning as it is consistent with the adjacent zonings. The Applicant has requested family residence district zoning to add an additional unit on each lot after the property is subdivided. SF-3 zoning permits duplex residential use as well as a two-family residence which consists of one single-family residence, in addition to a second detached unit that does not exceed 1,100 square feet or a floor-to-area ratio of 0.15:1, whichever is smaller. The detached unit is limited to two stories, or 30 feet in height,

and if a second story is proposed to be constructed for the unit, then it is not permitted to exceed 550 square feet in size.

Per the comprehensive plan review comments, the site meets two of the Imagine Austin Decision Guidelines. The site adjoins a public sidewalk, shared path and/or bike lane and it is also within 0.5 miles of goods and services and/or employment centers.

BASIS OF RECOMMENDATION:

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

The family residence district is intended as an area for moderate density single-family residential use, with a minimum lot size of 5,750 square feet. Duplex use is permitted under development standards which maintain single-family neighborhood characteristics. This district is appropriate for existing single-family neighborhoods having typically moderate sized lot patterns, as well as for development of additional family housing areas with minimum land requirements.

2. *Zoning changes should promote compatibility with adjacent and nearby uses.*

The rezoning would promote compatibility with adjacent and nearby uses as the surrounding properties are developed with family residences (SF-3) and single-family residences (standard lot) (SF-2). The staff's recommendation is to recommend the request for SF-3 because the proposed rezoning is consistent with the recent rezoned properties near Matthew Lane and Elm Forest Road.

EXISTING ZONING AND LAND USES:

| | ZONING | LAND USES |
|--------------|--------|---------------------------|
| <i>Site</i> | SF-2 | Single Family Residential |
| <i>North</i> | SF-3 | Family Residential |
| <i>South</i> | SF-2 | Single Family Residential |
| <i>East</i> | SF-2 | Single Family Residential |
| <i>West</i> | SF-2 | Single Family Residential |

Drainage:

The developer is required to submit a pre- and post-development drainage analysis at the subdivision and site plan stage of the development process. The City's Land Development Code and Drainage Criteria Manual require that the Applicant demonstrate through engineering analysis that the proposed development will have no identifiable adverse impact on surrounding properties.

Environmental:

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the South Boggy Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

| <i>Development Classification</i> | <i>% of Gross Site Area</i> | <i>% of Gross Site Area with Transfers</i> |
|--|-----------------------------|--|
| Single-Family (minimum lot size 5750 sq. ft.) | 50% | 60% |
| Other Single-Family or Duplex | 55% | 60% |
| Multifamily | 60% | 70% |
| Commercial | 80% | 90% |

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

Fire:

There are no comments at this time.

PARD – Planning & Design Review:

Parkland dedication will be required for the new applicable uses proposed by this development, single family with SF-3 zoning, at the time of subdivision or site plan, per City Code § 25-1-601. Whether the requirement shall be met with fees in-lieu or dedicated land will be determined using the criteria in City Code Title 25, Article 14, as amended. Should fees in-lieu be required, those fees shall be used toward park investments in the form of land acquisition and/or park amenities within the surrounding area, per the Parkland Dedication Operating Procedures § 14.3.11 and City Code § 25-1-607 (B)(1) & (2).

If the applicant wishes to discuss parkland dedication requirements in advance of site plan or subdivision applications, please contact this reviewer: thomas.rowlinson@austintexas.gov. At the applicant's request, PARD can provide an early determination of whether fees in-lieu of land will be allowed.

Site Plan:

A commercial site plan will be required for any new development other than single-family, two-family or duplex residential.

Austin Transportation Department – Engineering Review:

A signed TIA determination worksheet is required, please submit a signed form for review. Additional comments may be triggered based on this form.

The Austin Strategic Mobility Plan (ASMP) calls for 84 feet of right-of-way for Matthews Lane. It is recommended that 42 feet of right-of-way from the existing centerline should be dedicated for Matthews Lane according to the Transportation Plan with the first subdivision or site plan application. [LDC 25-6-51 and 25-6-55].

The Austin Strategic Mobility Plan (ASMP) calls for 58 feet of right-of-way for Elm Forest Road. It is recommended that 29 feet of right-of-way from the existing centerline should be dedicated for Elm Forest Road according to the Transportation Plan with the first subdivision or site plan application. [LDC 25-6-51 and 25-6-55].

Existing Street Characteristics:

| Name | ASMP Classification | ASMP Required ROW | Existing ROW | Existing Pavement | Sidewalks | Bicycle Route | Capital Metro (within ¼ mile) |
|-----------------|---------------------|-------------------|--------------|-------------------|-----------|---------------|-------------------------------|
| Matthews Lane | Level 2 | 84' | 59' | 36' | No | Yes | No |
| Elm Forest Road | Level 1 | 58' | 50' | 20' | No | No | No |

TIA:

It is not required.

Austin Water Utility:

No comments on zoning change.

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance.

Depending on the development plans submitted, water and or wastewater service extension requests may be required.

All new development within the proposed project will be subject to City Code Chapter 25-9 and any future amendments relating to reclaimed water connections, water benchmarking, and mandatory onsite water reuse.

All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

Letter of Intent Rezone

1201 Matthews., Austin, TX

Dear Land Management,

This letter is to provide you with the necessary information about this property for a rezone we are submitting for with the city.

We are requesting a rezone for the property with the above address. The owner is wanting to rezone to SF-3.

Please, do not hesitate to reach out to us with any questions or concerns. Thank you in advance for your time.

Sincerely,

Ricca Keepers, MUP
