CITY COUNCIL ACTION:

ORDINANCE NUMBER:

ISSUES: N/A

CASE MANAGER COMMENTS:

The property in question consists of 8.989 acre area fronting North Capital of Texas Highway. Tract 1 is floodplain that is zoned RR and Tract 2 is the western undeveloped portion of land that is zoned GR-CO. To the east, there is a City of Austin fire station, zoned P. To the west, is the Capital of Texas Highway and an office building on the other side of Courtyard Drive, zoned PUD. The tract of land to the north, across FM 2222 Road, is developed with a retail center zoned GR-CO. The lots to the south are developed with single-family residences that are part of a PUD.

In this request, the applicant is asking to rezone the property from Community Commercial-Conditional Overlay (GR-CO) combining district zoning and Rural Residence (RR) district zoning to Community Commercial-Conditional Overlay (GR-CO) combining district zoning and Rural Residence-Conditional Overlay (RR-CO) combining district zoning, to change conditions of the current zoning. In their submittal letter, the applicant says that they are requesting to amend the conditional overlay contained in Part 2 of Ordinance No. 920507-B (the "Original Ordinance"). The amendments will modify the allowed building area from 70,000 sq. ft. to 95,000 sq. ft., state that at least 40 percent of the site will remain undisturbed to add environmental quality assurances and will restrict watercraft rentals and public access onto Bull Creek, as requested by the surrounding neighbors.

BASIS OF RECOMMENDATION:

The staff is recommending the requested rezoning to clarify conditions in the zoning ordinance for this property. The proposed rezoning will permit 25,000 sq. ft. of additional building area on this property that is located at the southeast intersection of Capital of Texas Highway and FM 2222 Road.

Through this request, the applicant is proposing to limit the impervious cover to a maximum of 40% gross site area, to limit impervious cover within the Critical Water Quality Zone ("CWQZ") to 0%, to remove all existing impervious cover from the CWQZ that is defined as the area within 150 feet of the centerline of West Bull Creek and the area within 100 feet of the Lake Austin shoreline, to state that all new projects submitted to the City of Austin on shall comply with current water quality control requirements of the LDC, to require the compliance with heritage tree protection in effect on July 11, 2022, to require that at least 40% of the property remain undisturbed in compliance with Section 2.7.2(B) (Hill Country Roadway Landscape Criteria) and to prohibit the sale, rental, leasing, lending and distributing of watercraft rentals and to prohibit public access to Bull Creek from the property.

These changes to the existing conditional overlay in Ordinance No. 920507-B will permit the applicant to develop hotel and restaurant uses on the property to provide services that will meet community needs that are accessible from major traffic ways.

The applicant agrees with the staff's recommendation.

Provide CEF protections compliant with current code.

Add the CWQZ for Lake Austin to the condition PART 2 (4) such that all impervious cover will be removed from the area withing 100ft from the shoreline of Lake Austin.

Dedicate the 40% undisturbed area as conservation easement as indicated in PART 2 (6) of the redlined ordinance.

Add a note to the redline ordinance stating that upon completion of the development, any future development or redevelopment of the property will be subject to then-current city code.

Provide protection for heritage trees compliant with current code.

Comments cleared through an informal update.

Site Plan

There is a site plan currently under review for this property (SPC-2022-0378C), which is proposing 90,000 sq ft (GFA) of hotel use and 5,000 sq ft (GFA) of restaurant (general) use, along with associated parking and drainage facilities.

This site is in the Lake Austin Overlay and Scenic Roadway Overlay.

This site is within the Wildland Urban Interface.

Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

The site is located within 1,000 feet of the Loop 360/RM 2222 and within a Hill Country Roadway Corridor. The site is located within the high intensity zone. The site may be developed with the following maximum floor-to-area ratio (FAR):

in a high intensity zone:

- (a) 0.30 for a building on property with a slope gradient of 15 percent or less;
- (b) 0.12 for a building on property with a slope gradient of more than 15 percent, but not more than 25 percent; or
- (c) 0.06 for a building on property with a slope gradient of more than 25 percent, but not more than 35 percent.

Except for clearing necessary to provide utilities or site access, a 100-foot vegetative buffer will be required along the roadway. At least 40% of the site (excluding dedicated right-of-way) must be left in a natural state. The allowable height is as follows: Within 200 feet of the roadway the maximum height is 28 feet, and beyond 200 feet the maximum height is 53 feet.

Re: Rezoning application for 6025 N. Capital of Texas Highway, also known as Champions
Tract #4 (the "Property")

Dear Mr. Rusthoven:

I am submitting the attached rezoning application for Champions Tract #4 to amend the conditional overlay contained in Part 2 of Ordinance No. 920507-B (the "Original Ordinance"). The amendments will modify the allowed building area and will add environmental quality assurances and will restrict watercraft rentals and public access to Bull Creek, as requested by the surrounding neighbors. If granted, these amendments would help facilitate a commercial project that protects the environment and limits disturbances to the neighboring communities.

A redlined version of the Original Ordinance is attached to this letter demonstrating the changes we are seeking for the Property. I appreciate your consideration and look forward to answering any questions and providing further details.

Respectfully,

Re: Amendment to Case No. C14-2023-0005 Rezoning 6025 N. Capital of Texas Highway
("Champion Tract 4")

Dear Ms. Sirwaitis:

I am submitting the attached updates and amendments to C14-2023-0005, which seeks to rezone Champion Tract 4 to add a conditional overlay to the entire property updating the site's water quality and environmental controls and increasing the allowable buildable area. Champion Tract 4 is composed of two smaller tracts, and Council initially approved the zoning on those two tracts in Ordinance No. 920507-B (the "Original Ordinance"). Currently, Tract 1 is designated for Rural Residential ("RR"), and Tract 2 is designated for Community Commercial-Conditional Overlay ("GR-CO"). The Original Ordinance intended to add a conditional overlay to the entire property, but only Tract 2 was given -CO zoning. For this reason, the initial rezoning application did not include Tract 1. However, upon further review of the property and case materials, we found that Tract 1 should have initially been zoned RR-CO in the Original Ordinance, as indicated in the ordinance but not reflected in the 1992 zoning change. The attached updated exhibits amend the zoning application to include Tract 1, thus establishing a conditional overlay combining district to all of Champion Tract 4. Without inclusion of Tract 1 in the conditional overlay combining district, none of the updated environmental protections or restrictions apply to the lakefront tract. As part of the application update, we obtained a new survey of the property with both a site exhibit and metes and bounds (Exhibit C). You will find that the updated property description and acreage is slightly different than the original acreage (9.201 AC in 1992 vs. 8.99 AC in 2023). The surveyors explained that the discrepancy is likely because the surveying tools used today are more accurate than the tools that were used 30 years ago.

Additionally, the attachments include the applicant's responses to staff comments on the initial rezoning application and subsequent updates. The redlined ordinance (Exhibit B) has been further updated to reflect staff's comments regarding the definition of the Critical Water Quality Zone ("CWQZ") and to demonstrate compliance with updated environmental protections. The redlined ordinance codifies compliance with environmental regulations in place on July 11, 2022, as that was the submission date for the property's site plan. Additionally, Exhibit D has been updated to clearly label the Lake Austin Centerline, highlight the Critical Environmental Feature ("CEF") setbacks, and show the CWQZ per staff request

Please let me know if there is any other information needed at this point. Thank you for your assistance and consideration.

Respectfully,

Michael J. Whellan

ORDINANCE NO. 920507-B

ORDINANCE ORDERING A REZONING AND CHANGING THE ZONING MAP ACCOMPANYING CHAPTER 13-2 OF THE AUSTIN CITY CODE OF 1981 AS FOLLOWS:

TRACT 1: 0.942 ACRE TRACT OF LAND OUT OF THE T. J. CHAMBERS GRANT, FROM “SF-2” SINGLE FAMILY RESIDENCE (STANDARD LOT) DISTRICT TO “RR” RURAL RESIDENCE DISTRICT; AND,

TRACT 2: 8.259 ACRE TRACT OF LAND OUT OF THE T. J. CHAMBERS GRANT, FROM “SF-2” SINGLE FAMILY RESIDENCE (STANDARD LOT) DISTRICT TO “GR-CO” COMMUNITY COMMERCIAL DISTRICT-CONDITIONAL OVERLAY COMBINING DISTRICT,

LOCALLY KNOWN AS 5619-5719 F.M. 2222, IN THE CITY OF AUSTIN, TRAVIS COUNTY, TEXAS; WAIVING THE RULE REQUIRING THE READING OF ORDINANCES ON THREE SEPARATE DAYS; AND PROVIDING AN EFFECTIVE DATE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. That Chapter 13-2 of the Austin City Code of 1981 is amended to change the respective base zoning districts and to establish a Conditional Overlay combining district on all of the property described in File C14-91-0015, as follows:

TRACT 1: From “SF-2” Single Family Residence (Standard Lot) district to “RR-CO” Rural Residence district-Conditional Overlay combining district.

0.942 acre tract of land out of the T. J. Chambers Grant, said 0.942 acre tract of land being more particularly described by the metes and bounds in “Exhibit A” attached and incorporated herein for all purposes.

TRACT 2: From “SF-2” Single Family Residence (Standard Lot) district to “GR-CO” Community Commercial district-Conditional Overlay combining district.

8.259 acre tract of land out of the T. J. Chambers Grant, said 8.259 acre tract of land being more particularly described by metes and bounds in “Exhibit B” attached and incorporated herein for all purposes.

(Tract 1 and Tract 2 collectively referred to as the “Property”),

locally known as 5619-5719 F.M. 2222, in the City of Austin, Travis County, Texas.

PART 2. That all of the property within the boundaries of the Conditional Overlay combining district established by this ordinance is subject to the following conditions:

1. Development of ~~Tract 2~~the Property shall not exceed a maximum of ~~70,000~~95,000 square feet of building space.
2. Uses of Tract 2 shall be restricted to the range of permitted uses authorizes in the “GR” Community Commercial district as set forth in Sec. 13-2-221 of the Austin City Code, with The exception of the following uses which shall be prohibited:
 - (a) Automotive rentals,
 - (b) Automotive repair services,
 - (c) Automotive sales,
 - (e) Exterminating services,
 - (f) Financial services,
 - (g) Medical offices,

- | | |

(automatic or mechanical) | (h) Restaurant (drive-in, fast food),
(i) Service station, |
| (j) Automotive washing (self service),
(k) Commercial off-street parking, and, | (l) Off-site accessory parking. |

3. Impervious cover on the Property shall be limited to a maximum of forty percent (40%) gross site area.
4. The CWQZ shall be defined as the area within one hundred fifty (150 ft.) of the Lake Austin centerline. Impervious cover shall be limited within the Critical Water Quality Zone ("CWQZ") to zero percent (0%), except as modified in this subsection. Storm headwalls are permitted in the CWQZ. Buffer averaging is permitted in the CWQZ. Prior to the issuance of a certificate of occupancy for any development on the Property, the owner of the Property shall be required to remove all existing impervious cover from the CWQZ, except as modified herein.
5. Except as provided in Subsection (4) above, all development of the Property shall comply with all water quality control requirements of the Land Development Code applicable to new projects submitted to the City of Austin as of July 11, 2022.
6. The Property shall comply with heritage tree protections in effect on July 11, 2022.
7. At all times, at least forty percent (40%) of the Property must remain undisturbed, in substantially the same condition as existed prior to its development, in compliance with Section 2.7.2(B) (Hill Country Roadway Landscape Criteria) of the City of Austin Environmental Criteria Manual.
8. The sale, rental, leasing, lending, and distributing of paddle boards, kayaks, and all other forms of watercraft shall be expressly prohibited on the Property. Hotel guests and other members of the general public shall be prohibited from accessing Lake Austin from the property.

Except as specifically restricted by this ordinance, the ~~p~~Property may be developed and used in accordance with regulations established for the respective base districts and other applicable requirements of the Land Development Code.

PART 3. That all of the Property is subject to the Champion Settlement Agreement as recorded in Ordinance No. 960613-J. Upon the completion of project on the Property, the property owner and any successors and subsequent owners or interest-holders, or assigns, agree to permanently relinquish and abandon any and all vested rights granted on the Property. For purposes of this provision, "project" shall be defined as any site plan submitted in compliance with this ordinance and may include multiple buildings. Completion shall be determined by the issuance by the City of Austin of certificates of occupancy for all of the buildings contained on such site plan, regardless of site plan duration.

PART 4. That it is ordered that the Zoning Map established by Sec. 13-2-22 of the Austin City Code of 1981 and made a part thereof shall be changed to record the amendment enacted by this ordinance.

PART 5. That the requirement imposed by Section 2-2-3 of the Austin City Code of 1981 that this ordinance be read on three separate days shall be waived by the affirmative vote of five members of the City Council to pass this ordinance through more than one reading on a single vote.

PART 6. That this ordinance shall become effective after the expiration of ten days following the date of its final passage.

RESOLUTION NO. 20220929-091**BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:**

The City Council supports rezoning the property located at 6025 North Capital of Texas Highway (also known as “Champion Tract 4”) provided that the rezoning, to the extent legally feasible, allows:

- (1) a maximum building height of 45 feet;
- (2) a building or structure no more than three stories;
- (3) no more than 95,000 square feet of development on this site;
- (4) no more than 40% impervious cover; and
- (5) any other necessary provisions.

BE IT FURTHER RESOLVED:

Nothing in this Resolution changes the applicant’s obligation to pay any fee associated with rezoning Champion Tract 4.

BE IT FURTHER RESOLVED:

Along with the proposed zoning case, the City Council wants to consider an amendment to the Compromise Settlement Agreement associated with Cause No. 94-07160, *Josie Ellen Champion, et al v. City of Austin*, in the 353rd Judicial District Court of Travis County (“Settlement Agreement”). The City Council directs the City Manager to prepare an ordinance and any other necessary documents that amend the Settlement Agreement to address the development of property located at 6025 North Capital of Texas Highway (Champion Tract 4). The amendment should be consistent with this Resolution and:

- (1) Allow for an increase in square footage for the proposed development;
- (2) Limit impervious cover within the Critical Water Quality Zone to zero percent; and
- (2) Reduce environmental, transportation, and mobility impacts associated with the proposed development.

*** External Email - Exercise Caution ***

Dear Ms. Sirwaitis:

My wife and I live very close to the site of the referenced case, and we are concerned about the increase in noise and light pollution that the project may impose on us. I see that the proposed zoning change includes a commitment to not allow watercraft or other access to Bull Creek, which is good. We would also like to get a requirement that exterior loudspeakers will be prohibited, no amplified music outside the building, and protection of neighbors from the light and noise of any exterior features (e.g., sound walls around any pool, generator, or other source of noise).

I have a request. The application cover letter says that the environmental quality assurances are "as requested by the surrounding neighbors". Would it be possible to find out who these neighbors are, and how their input was obtained? I do not recall getting invited to provide input, and would like to see if the other neighbors might share my concerns about noise and light (especially from the outdoor pool that appears to be planned for the site). Any help you can provide in this regard would be appreciated.

We will be following this matter closely, and look forward to attending the public hearing on the rezoning request.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to participate in a public hearing, you are not required to participate. This meeting will be conducted both online and in-person at which you will have the opportunity to speak FOR or AGAINST the proposed development or change. Contact the case manager for further information on how to participate in the public hearings. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

Staff is conducting a pilot program to receive case-related comments online which can be accessed through this link or QR code:
<https://bit.ly/ATXZoningComment>.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before the public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice. Correspondence and information submitted to the City of Austin are subject to the Texas Public Information Act (Chapter 552) and will be published online.

Comments: AS indicated in my previous comments,
we oppose approval unless the requirements
include protection of neighbors from noise
and light pollution, including prohibition
of outside music, loudspeakers, and other
noise sources, and sound walls around
any outdoor pool, generator, dumpster area
or other noise source. Our home would be
most directly affected by new noise or light.
