Belinda Weaver, City Treasurer, 512-974-7885; Virginia Collier, Program Manager III, 512-972-0117; Joi Harden, Division Manager, 512-974-1617.

Council Committee, Boards and Commission Action:

November 8, 2023 - Recommended by the Water and Wastewater Commission on a 8 - 0 vote, two absences, and one vacancy.

Additional Backup Information:

Pilot Knob Municipal Utility District No. 2, a political subdivision of the State of Texas, was created under the laws of the State of Texas by House Bill No. 1756, Acts of the 82nd Texas Legislature, Regular Session (2011), codified as Chapter 8376, Texas Special District Local Laws Code, and operates under Chapters 49 and 54 of the Texas Water Code. This Enabling Legislation became effective May 23, 2011, and created the District, subject to the consent of the City to the creation.

The City consented to the creation of the District by Council action taken March 22, 2012 (known as the Consent Ordinance) and under the terms of the Consent Agreement among the City, the District, and the developer, Carma Easton LLC dated effective as of April 13, 2012. The City and the District entered into a Strategic Partnership Agreement (SPA) dated as of June 5, 2012, as authorized by Section 43.0751, Texas Local Government Code, which sets forth the terms and conditions of the City's annexation of the land within the District and on which the District will continue to exist as a limited district, Pilot Knob Limited District No. 2, in accordance with Section 43.0751, Texas Local Government Code, and the Enabling Legislation following the City's full-purpose annexation of the land within the District as provided in Consent Agreement and the SPA. The District, which currently contains 557.187 acres of land, is located within the extraterritorial jurisdiction of the City in southeast Travis County, Texas.

The District is required to obtain City approval for all bond sales pursuant to the Consent Agreement. The City has received a request from the District to approve the District's bond sale in the amount of \$3.225 million for water, wastewater and drainage purposes consistent with a bond proposition approved by District voters in 2014. After the proposed bond issue and a concurrent issuance by the District of bonds for road purposes, approximately \$129.9 million in authorized but unissued bonds will remain in for water, wastewater and drainage purposes, with an additional approximately \$9.0 million unissued for recreational purposes, and

approximately \$58.8 million unissued for road purposes.

The proceeds from the proposed bond sale will finance the following:

- Water distribution, wastewater collection and drainage facilities for Easton Park Sections 3A and 4A, Phases 1 and 2 and Lots 3 & 4;
- Land costs for Easton Park Section 3B Phases 1 and 2 ponds;
- Engineering fees, and
- City review and oversight fees, as well as various project and issuance costs.

The District bonds are the sole obligation of the District until the City full purpose annexes the District. The first eligible date for the City to annex the District pursuant to the Consent Agreement is December 31, 2042.

City staff from Austin Water, the Parks and Recreation Department, the Planning Department, and the Watershed Protection Department reviewed the District's Consent Agreement and its amendments. The District was found to be in compliance with the terms of the agreement. The City's Financial Services Department and the City's Financial Advisor have reviewed the District's proposed bond sale and recommend approval.
