### **Additional Backup Information:**

This contract will provide one-time, preventative maintenance service, for the overhauling of the Alstom Generator Breaker Equipment circuit breakers at the Sand Hill Energy Center. The overhauling services will include poles and hydraulics on two hydraulic mechanism generator circuit breakers and their equipment. These circuit breakers require maintenance at 20-year intervals which help ensure continued operation of circuit breakers and allows the plant to provide clean, affordable, and reliable energy.

Grid Solutions (US) LLC is the only authorized contractor servicing and providing parts for Alstom Generator Breaker Equipment.
