

ZONING CHANGE REVIEW SHEET

CASE: C14-2023-0064 (700 Dawson)

DISTRICT: 9

ADDRESS: 700 Dawson Road

ZONING FROM: SF-3-NP

TO: CS-MU-NP

SITE AREA: 3.76 acres

PROPERTY OWNER: Dawson Overlook, LLC (Terry and Mark Black)

AGENT: Armbrust & Brown, PLLC (Michael Whellan)

CASE MANAGER: Sherri Sirwaitis (512-974-3057, sherri.sirwaitis@austintexas.gov)

STAFF RECOMMEDATION:

Staff recommends denial of the applicant's request for CS-MU-NP, General Commercial Services-Mixed Use-Neighborhood Plan Combining District, zoning.

PLANNING COMMISSION ACTION / RECOMMENDATION:

August 8, 2023: Postponed to August 22, 2023 at the staff's request by consent (12-0).

August 22, 2023: Postponed to September 26, 2023 at the applicant's request by consent (10-0, G. Anderson and A. Haynes-absent); A. Azhar-1st, A. Woods-2nd.

September 26, 2023: Postponed to October 10, 2023 at the neighborhood's request by consent (10-0, P. Howard, J. Mushtaler-absent); A. Azhar-1st, F. Maxwell-2nd.

October 10, 2023: Postponed to October 24, 2023 at the applicant's request by consent (11-0, G. Cox, A. Phillips-absent); A. Azhar-1st, F. Maxwell-2nd.

October 24, 2023: Motion to approve applicant's amended request of GR-MU-CO-NP zoning, with the conditions listed in the applicant's agreement with the adjacent neighbors, Brett and Wendy Rhode (see Exhibit F below).

Substitute motion to approve staff's recommendation for denial (3-8, Hempel, Anderson, Azhar, Barerra-Ramirez, Connolly, Cox, Howard, Maxwell and Woods-No, T. Shaw-absent); G. Cox-1st, J. Mushtaler-2nd. Motion failed.

Amendment proposed to the primary motion for all residential uses to be considered as conditional uses (6-6, T. Shaw-absent). Motion failed.

Action to approve the original motion to approve applicant's amended request for GR-MU-CO-NP zoning as stated in Exhibit F (8-3, G. Cox, J. Mushtaler and A. Phillips-No, A. Haynes-abstained, T. Shaw-absent); A. Woods-1st, G. Anderson-2nd.

CITY COUNCIL ACTION:

November 30, 2023

ISSUES: N/A

CASE MANAGER COMMENTS:

The property in question is a 3.76 acre platted lot that is currently developed with a vacant club and lodge use (former High Road on Dawson). To the north, there is a multifamily use (Park Terrace Apartments) zoned MF-3-NP and a small city park (Mary Dawson Pocket Park) zoned P-NP. The lots to the south and east are developed with single-family residences zoned SF-3-NP. The land to the west contains an undeveloped greenbelt area (West Bouldin Creek Greenbelt) zoned P-NP and a rail line. The applicant recently purchased this property with the intent to continue to operate a Club or Lodge use as a neighborhood gathering place at this location. The previous Elks Lodge and then “High Road on Dawson” Club uses were conducted by utilizing a section of the Code that permits non-profit organizations to operate Club or Lodge use in residential zoning districts. This section would no longer apply to this property as the new Club or Lodge use would be a for profit business owned by the Black family. Therefore, the applicant is seeking commercial-mixed use zoning that will permit the use by right (*please see Applicant’s Request Letter -Exhibit C*).

The staff recommends denial of the applicant’s request for CS-MU-NP zoning. The site under consideration is located within a residential neighborhood and adjacent to residential zoning (MF-3-NP and SF-3-NP zoning) on three sides and P-NP zoning to the west. Therefore, the staff cannot support the applicant’s request for CS-MU-NP zoning, an intensive commercial-mixed category on Dawson Road, a Level 1/Residential street.

The applicant does not agree with the staff’s recommendation.

BASIS OF RECOMMENDATION:

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

General Commercial Services district is intended predominately for commercial and industrial activities of a service nature having operating characteristics or traffic service requirements generally incompatible with residential environments.

Mixed Use combining district is intended for combination with selected base districts, in order to permit any combination of office, retail, commercial, and residential uses within a single development.

Neighborhood Plan district denotes a tract located within the boundaries of an adopted Neighborhood Plan.

The proposed CS-MU-NP is not consistent with purpose statement for the CS base district as the proposed zoning is not compatible with the surrounding residential environment. The property under consideration is located on a residential street or Level 1 roadway, as designated by the ASMP.

The Longe Range Planning staff is not recommending the proposed change from Multifamily Residential to the Mixed Use land use designation on the FLUM in the adopted neighborhood plan (NP) because it is not consistent with the goals of the Bouldin Creek Neighborhood Plan.

2. *The proposed zoning should satisfy a real public need and not provide special privilege to the owner.*

The proposed CS-MU-NP would be considered spot zoning in this area that is surrounded by residential and civic zoning patterns. The applicant is asking for a zoning change because the proposed use will not work within the existing residential zoning category through LDC Sec. 25-2-836 as the use is no longer operated as a nonprofit organization.

3. *Zoning changes should promote compatibility with adjacent and nearby uses.*

The requested change is to permit a commercial business on the site that is not compatible with the surrounding zoning/uses where access is limited and parking may overflow onto the residential street. In the conditions listed in LDC Section 25-2-836, a Club or Lodge Use that is located within a residential district must have vehicular access from a dedicated street with a right-of-way of at least 60 feet wide. Dawson Road currently has an existing ROW of 50 feet according the ASMP.

4. *Zoning should promote the policy of locating retail and more intensive zoning near the intersections of arterial roadways or at the intersections of arterials and major collectors.*

The proposed CS-MU-NP zoning is located within a residential neighborhood on a Level 1 designated roadway/residential street, Dawson Road. Per the purpose statement of the base district, CS zoning is typically located at the intersection of major roadways (i.e.-two arterial roadways) to provide services that are available and accessible to the entire community/citywide.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	SF-3-NP	Club or Lodge (Former High Road on Dawson
<i>North</i>	MF-3-NP, P-NP	Multifamily (Park Terrace Apartments), City Park (Mary Dawson Pocket Park)
<i>South</i>	P-NP, SF-3-NP	West Bouldin Creek Greenbelt, Single Family Residence, Undeveloped Lot, Single-Family Residences
<i>East</i>	SF-3-NP	Single-Family Residences
<i>West</i>	P-NP	West Bouldin Creek Greenbelt, Rail line

C14H-2014-0004 (Leffingwell House: 910 Christopher Street)	SF-3-NP to SF-3-H-NP	8/26/2014: Approved staff's recommendation of SF-3-H-NP zoning (8-0, Chimenti-absent).	9/25/2014: The public hearing was conducted and the motion to close the public hearing and adopt Ordinance No. 20140925-131 for family residence-historic landmark-neighborhood plan (SF-3-H-NP) combining district zoning was approved on consent on Council Member Spelman's motion, Council Member Morrison's second on a 7-0 vote.

RELATED CASES:

NPA-2023-0013.02 – Associated Neighborhood Plan Amendment Case

OTHER STAFF COMMENTS:Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the West Bouldin Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.

Zoning district impervious cover limits apply in the Urban Watershed classification.

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

This site is required to provide on-site water quality controls (or payment in lieu of) for all development and/or redevelopment when 8,000 sq. ft. cumulative is exceeded, and on-site control for the two-year storm.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

Fire

No comments.

Parks and Recreation

Parkland dedication may apply to any future site or subdivision applications resulting from this rezoning. As of January 1, 2023, new commercial uses are subject to parkland dedication requirements at the time of site plan and subdivision. If applicable, land will be required to be dedicated to expand West Bouldin Creek Greenbelt.

Site PlanGENERAL

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

The site is subject to compatibility standards. Along the north, south, west and east property lines, the following standards apply:

- a. No structure may be built within 25 feet of the property line.
- b. No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- c. No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
- d. No parking or driveways are allowed within 25 feet of the property line.
- e. A landscape area at least 25 feet wide is required along the property line. In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.

Additional design regulations will be enforced at the time a site plan is submitted.

Transportation

Assessment of required transportation mitigation, including the potential dedication of right of way and easements and participation in roadway and other multi-modal improvements, will occur at the time of site plan application. The traffic impact analysis for this site is not required, the traffic generated by the proposal does not exceed the thresholds established in the City of Austin Land Development Code. [LDC 25-6-113].

The Austin Strategic Mobility Plan (ASMP) calls for 58 feet of right-of-way for DAWSON RD. It is recommended that 29 feet of right-of-way from the existing centerline should be dedicated for DAWSON RD according to the Transportation Plan with the first subdivision or site plan application. [LDC 25-6-51 and 25-6-55].

The Austin Strategic Mobility Plan (ASMP) calls for 58 feet of right-of-way for POST OAK ST. It is recommended that 29 feet of right-of-way from the existing centerline should be dedicated for POST OAK ST according to the Transportation Plan with the first subdivision or site plan application. [LDC 25-6-51 and 25-6-55].

The adjacent street characteristics table is provided below:

Name	ASMP Classification	ASMP Required ROW	Existing ROW	Existing Pavement	Sidewalks	Bicycle Route	Capital Metro (within ¼ mile)
DAWSON RD	Local Mobility - Level 1	58 feet	50 feet	27 feet	Incomplete 4 feet sidewalks	Shared lane (on-street)	Yes
POST OAK ST	Local Mobility - Level 1	58 feet	40 feet	20 feet	No	No	Yes

Water Utility

No comments on zoning change.

FYI: The landowner intends to serve the site with existing City of Austin water utilities.

Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin. For more information pertaining to the Service Extension Request process and submittal requirements contact the Austin Water SER team at ser@austintexas.gov.

Subject: Rezoning request for 700 Dawson Rd. (the "Property")

Dear Ms. Hardin,

On behalf of Dawson Overlook, LLC, please accept the attached rezoning application for the Property.

For over 60 years, the Property operated as the 'High Road on Dawson,' a local club and Elks Lodge. Recently, it was sold to the Black family (as the owners of Dawson Overlook, LLC) – a local family and the owners and operators of Terry Black's Barbecue.

The Black family purchased the Property with the intent of creating a gathering place for neighbors and friends, consistent with the Property's history as the 'High Road on Dawson.' This application is the next step in that process. In February, the family filed a related neighborhood plan amendment case (NPA-2023-0013.02) to change the Property's Future Land Use Map designation from Multifamily to Mixed Use.

Now, the family is requesting an accompanying rezoning, from SF-3-NP to CS-MU-NP, a designation that will allow them to operate the Property as a 'club or lodge use. Historically, the prior owners operated the 'High Road on Dawson' through a narrow exception in the Land Development Code (Section 25-2-836) which allows non-profit organizations to operate club or lodge uses in residential zoning districts. However, this provision provides no such exception for businesses such as that run by the Black family – and would limit their ability to be involved in the Property's day-to-day operations.

The Black family takes a hands-on approach to their operations and plans to be closely involved in the daily operations of a revitalized club at 700 Dawson. They plan to continue to operate the Property as a pool club, with food and drink offerings and perhaps a new name and a new look – though with very little construction disruptions. (There will also not be a Terry Black's Barbecue location on the site.)

The requested CS-MU-NP zoning will allow the Black family to accomplish this vision while maintaining close control over the Property, so that they can ensure it continues to operate in a family-friendly and neighborhood-friendly manner. To that end, the family has already begun to engage with neighbors and with the Bouldin Creek Neighborhood Association to discuss this proposal and seek their input and feedback.

Thank you for your consideration. We believe that this case offers the city an important opportunity to maintain a unique community asset – and look forward to answering your questions and discussing this application further.

Sincerely,

A handwritten signature in black ink, appearing to read 'Michael J. Whellan', with a stylized, flowing script.

Michael J. Whellan

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to participate in a public hearing, you are not required to participate. This meeting will be conducted both online and in-person at which you will have the opportunity to speak FOR or AGAINST the proposed development or change. Contact the case manager for further information on how to participate in the public hearings. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

Staff is conducting a pilot program to receive case-related comments online which can be accessed through this link or QR code:
<https://bit.ly/ATXZoningComment>.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before the public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice. Correspondence and information submitted to the City of Austin are subject to the Texas Public Information Act (Chapter 552) and will be published online.

Comments:

Applicants "Mixed Use" request would result in increased traffic. Safety is a major concern. At present, traffic on Bouldin Ave and Dawson being diverted from South 1st and South Lamar has furthered our safety concerns. Parking on Bouldin Ave and Dawson only adds to safety concerns. Allowing "Mixed Use" would not support our neighborhood plan.

I request your serious consideration

The Bouldin Creek Neighborhood Plan Contact Team convened October 2, 2023 and passed the following motion on an 11-1 vote with 5 abstentions from eligible voters.

At this time, based on information currently available, the Bouldin Creek Neighborhood Plan Contact Team does not recommend the requested plan amendment from multifamily to mixed use.

As Chair, I conveyed to the owner representatives present and on the phone that should an agreement be reached with the Bouldin Creek Neighborhood Association and/or a significant portion of the nearby neighbors, we could call for a meeting to present new information and reconsider the contact team's position. It was noted that such a meeting would not be feasible prior to the October 10, 2023 Planning Commission meeting.

Twenty-seven participants signed-in with an additional owner representative joining via phone. One of the owners of the subject property and one other attendee declared their conflict of interest and recused themselves from voting.

This was the second meeting of the contact team to discuss the plan amendment. The team met previously on August 1, 2023 with 30 participants, both members and non-members at that meeting.

RE: Request for Postponement - **NPA-2023-0013.02 and C14-2023-0064_700**
Dawson Rd. - Planning Commission Meeting – September 26, 2023

Dear Maureen and Sherri,

The Bouldin Creek Neighborhood Association requests a postponement of cases NPA-2023-0013.02 and C14-2023-0064 scheduled for the September 26, 2023, Planning Commission hearing to October 10, 2023.

The reason for the requested postponement is that we are still negotiating with the applicant and need extra time to work with the adjacent neighbors on these cases.

Thank you for your consideration.

Sincerely,

BCNA President, Thom Parker

BCNA Zoning Chair, Jody Zemel

Sherri, Maureen;

I am writing to update you on the deliberations of the Bouldin Creek Neighborhood Associations position regarding Case # NPA-2023-0013.02, 700 Dawson.

The Steering Committee voted last week to oppose the zoning changes requested by the applicant with a condition for the Zoning Committee to continue discussions with the applicants representative.

Members of the BCNA Zoning Committee met with the applicants representative last Thursday and received a written draft of the Conditional Overlay on Saturday.

Tonight our Zoning Committee will review the recent draft of the Conditional Overlay. Our zoning committee will render its decision followed by a Email vote of the BCNA Steering Committee.

I will provide you with our decision as early as possible tomorrow.

I apologize for the late communication regarding this case. Timing of BCNA meetings together with the efforts to secure a better understanding of the applicants plan for the site has been a challenge.

Please feel free to call me should you need additional information.

RE: 700 Dawson Rd. Zoning Case: C14-2023-0013.02 (From: SF-3-NP To: CS-MU-NP)
Related Neighborhood Plan Amendment: NPA-2023-0013.02
Owner/Applicant: Dawson Overlook, LLC (Terry and Mark Black)
Agent: Armbrust and Brown, PLLC (Michael J. Whellan)

Dear Planning Commission Members and Staff,

The Zoning Committee of the Bouldin Creek Neighborhood Association (BCNA) **supports a very restrictive Conditional Overlay (CO)** in order to facilitate the applicant's request for rezoning from SF-3-NP to GR-MU-CO-NP. The BCNA's support is based on the explicit understanding that a CO would limit permitted uses to Club/Lodge and Residential uses only as shown below:

For the purpose of clarity, BCNA **opposes** any rezoning that would allow the following: Hotel/Motel use, Restaurant use other than an accessory restaurant for a Club/Lodge "kitchen", Paid Parking or offsite parking use, and any other commercial uses not directly aligned with Residential use - all as codified in a Conditional Overlay directly tied to the zoning for this site.

Permitted Uses

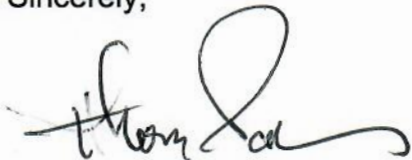

Club or Lodge (conditional use)
Condominium Residential
Duplex Residential
Multifamily Residential
Single-Family Attached Residential
Single-Family Residential
Small lot Single-Family Residential
Townhouse Residential
Two-Family Residential

Additionally, the following base items listed in the Conditional Overlay would be included:

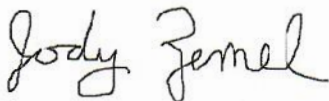

The Property within the boundaries of the conditional overlay combining district established by this ordinance is subject to the following conditions:

- A. A structure may not be constructed less than 50 feet from a southern property line where the Property abuts a property with a single-family use. In this section, the term "structure" excludes fences, walls, gardens, vegetation, trails, benches, lights, or tables (without food or beverage service); except that driveways used exclusively for emergency access may be constructed not less than 25 feet from a southern property line where the Property abuts a property with a single-family use.
- B. A structure may not be constructed less than 50 feet from a property line abutting Dawson Road right-of-way. In this section, the term "structure" excludes fences, walls, gardens, vegetation, trails, benches, lights, tables (without food or beverage service), drives, driveways, any driveway approach, fire lanes, streets, or sidewalks.
- C. Between 50 feet and 100 feet from a southern property line where the Property abuts a property with a single-family use, a building's height may not exceed 40 feet.
- D. The maximum building coverage shall be 65%.
- E. The maximum impervious coverage shall be 80%.
- F. The maximum Floor Area Ratio shall be 0.85:1
- G. Residential, Club/Lodge and mandatory uses only.

Sincerely,

Subject: 700 Dawson; Letter of Support for Rezoning and Plan Amendment

To City Staff, Planning Commission, and City Council:

As the closest neighbor to the 700 Dawson property, I ask that you SUPPORT the applicant's request to rezone the property to CS-MU-CO-NP with the attached conditional overlay provisions.

My house is directly south of 700 Dawson; I share a lot line with the property. Accordingly, I have actively engaged with the Terry Black family regarding their plans for several months – and ultimately negotiated a conditional overlay to address some of my concerns as the closest neighbor to this site.

I have attached a copy of the full agreed-upon provisions to this letter, which include (but are not limited to) a 50-ft. setback area from my property line, a 40-ft. height limit between 50 ft. and 100 ft. from my property line, and limits on impervious cover, building cover, hotel/motel uses, amplified sound, lighting, and allowable uses.

The attached provisions address many of the concerns I have had regarding this proposal – and I would ask you honor the work that has been done on this case by supporting a conditional overlay that includes these provisions and, with that in place, supporting the Black family's request for CS-MU-CO-NP zoning.

Thank you for your consideration – and I hope we can count on your support.

Sincerely,

Brett Rhode
808 Dawson

Wendy Rhode
808 Dawson

**Zoning to GR-MU-CO
Conditional Overlay
(700 Dawson – 10-9-2023)**

Part __. The Property within the boundaries of the conditional overlay combining district established by this ordinance is subject to the following conditions:

- A. A structure may not be constructed less than 50 feet from a southern property line where the Property abuts a property with a single-family use. In this section, the term “structure” excludes fences, walls, gardens, vegetation, trails, benches, lights, or tables (without food or beverage service); except that driveways used exclusively for emergency access may be constructed not less than 25 feet from a southern property line where the Property abuts a property with a single-family use.
- B. A structure may not be constructed less than 50 feet from a property line abutting Dawson Road right-of-way. In this section, the term “structure” excludes fences, walls, gardens, vegetation, trails, benches, lights, tables (without food or beverage service), drives, driveways, any driveway approach, fire lanes, streets, or sidewalks.
- C. Between 50 feet and 100 feet from a southern property line where the Property abuts a property with a single-family use, a building’s height may not exceed 40 feet.
- D. The maximum building coverage shall be 65%.
- E. The maximum impervious coverage shall be 80%.
