A colorful graphic for 'Summer at Austin Public Library'. It features a central title 'Summer at Austin Public Library' in a playful, bubbly font. The background is divided into several colored triangular sections: orange, green, blue, pink, and purple. Each section contains illustrations of various plants in pots (cactus, succulent, leafy plant, aloe vera) and books. The plants and books have simple, friendly faces. There are also small white stars and hearts scattered throughout the design.
