

MOTION SHEET #4 VERSION 2
(Amendment to Mayor Watson Motion Sheet Version 2)

I move to amend Mayor Watson’s motion sheet – version 2- to add the underlined text:

Data metrics from enacting of the HOME Initiative including:

- (1) The number of permits applications applied for single family homes, single family, two-unit, duplex, three-unit, and tiny homes;
- (2) The number of permits requested under the Preservation Bonus program. Data presented on the Preservation program shall include: (a) The number of developments utilizing the FAR exemption; (b) The average percentage of preservation of the original structure; and (c) Area where the Preservation Bonus is most utilized.
- (3) Number of demolitions permits submitted after the enactment of this ordinance; **and**
- (4) Housing market analysis on the impact of HOME, including but not limited to market prices for single family, two-unit, duplex, three-unit, and tiny homes, the median home sale price, and any other appropriate factors; **and**
- (5) Mean and median measures of gross floor area, floor to area ratio, and impervious cover, the number of units falling under different gross floor area ranges, and any other related metrics identified by staff.
