CIRCUMSTANCES RELATED TO THIS REALLOCATION

We utilized other resources for Linguistic and medical transportation. As such the funds are to be used in other categories. EIS and Medical Case Management has staff turnover which reduced the use of the funds. We had more need for Nutrition, OAHS, Food and a slight increase for non-medical case management.

- ☒ Without this reallocation, the funds in the “From” boxes are not expected to be spent within the grant year
- ☒ This reallocation will preserve the HRSA 75% minimum Core Medical Services spending requirement for the current grant year
