

National Week of Prayer Event Request

Date: March 7, 2024

Time: 6pm

Location: Freedom Home Baptist Church, 3405 Oak Springs Dr, Austin, TX 78721

Estimated attendance: 75-100 people

Event Description:

The primary purpose of the National Week of Prayer for the Healing of AIDS is to bring attention to the national HIV/AIDS epidemic in the United States and to the roles that faith communities have had, and continue to have, in HIV prevention, education, service, and advocacy. The event promotes efforts to improve HIV awareness, foster compassionate responses to HIV prevention and care, and support healing through a wide range of activities. These include sermons and lectures on HIV, candle-lighting ceremonies to remember those we have lost, prayer vigils, concerts, and HIV education and testing.

HIV Planning Council's Role:

We will pay for catering for the dinner on the 7th, and in return we will table at the event and/or give a recruitment presentation. This will allow us to recruit and spread awareness for the Planning Council at a community event that serves one of our priority populations.
