Dear Sir/Madam,

Mr. Caplan had been in contact with me numerous times about us building a house on 2307 Windsor Rd #2. I visited the property several times. Amber Allen, a Planner in Historic Review, made it clear in writing that the house was not a Contributing Structure and that it would not have to go before the HLC. I know that Mr. Caplan based his decision to purchase the property on her assertions.

In my professional opinion as a builder for over fifteen years in Austin, the existing house, a 75 year old simple home, is not a candidate to remodel.

If you have any questions or would like to visit regarding this matter, you can reach me at [REDACTED] or on my cell at [REDACTED].

Best Regards,

Jared Gossett, CFA | President, Gossett & Co.
