

ZONING CHANGE REVIEW SHEET

CASE: C14-2024-0003 (13614 Metric)

DISTRICT: 7

ADDRESS: 13614 Metric Boulevard

ZONING FROM: GO

TO: GO-MU

SITE AREA: 8.7549 acres (381,361.49 sq. ft.)

PROPERTY OWNER: Woodforest National Bank (Tom Aderhold)

APPLICANT/AGENT: Drenner Group PC (Amanda Swor)

CASE MANAGER: Sherri Sirwaitis (512-974-3057, sherri.sirwaitis@austintexas.gov)

STAFF RECOMMEDATION:

Staff recommends GO-MU, General Office-Mixed Use Combining District, zoning.

ZONING AND PLATTING COMMISSION ACTION / RECOMMENDATION:

March 19, 2024: Approved the staff's recommendation of GO-MU zoning by consent (9-0, B. Greenberg-absent); D. Fouts-1st, A. Flores-2nd.

CITY COUNCIL ACTION:

April 18, 2024

ORDINANCE NUMBER:

ISSUES: N/A

CASE MANAGER COMMENTS:

The property in question is currently a vacant, partially developed tract of land located at the southwest intersection of West Howard Lane and Metric Boulevard. The lots to the north, across W. Howard Lane, are developed with office and warehouses that are part of a commercial/industrial park. The land to the east is undeveloped and contains floodplain. To the south and west there is a single family residential neighborhood (The Ridge at Scofield). The applicant is asking to rezone the property to add a Mixed Use (MU) overlay to develop approximately 238 multifamily units.

The staff supports the rezoning request because the site meets the intent of the GO-MU district as it is located along a designated activity corridor. The property can serve community and city-wide needs as it fronts onto and takes access to two level 3/arterial roadways, West Howard Lane and Metric Boulevard. The site under consideration is adjacent to commercial uses to the north, across Howard Lane, and to residential uses to the south and west. The proposed zoning will provide for a transition in the intensity of uses from the commercial uses developed in the county to the north to the SF-6/MF-3 zoning and residential developments to the south and west. The addition of the MU combining district will permit the applicant to develop new residential uses on this site to provide for additional housing opportunities in this area of the city in accordance with the goals of the adopted Strategic Housing Blueprint.

The applicant agrees with the staff recommendation.

BASIS OF RECOMMENDATION:

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

General office (GO) district is the designation for an office or commercial use that serves community and city-wide needs. A building in a GO district may contain one or more different uses.

Mixed Use combining district is intended for combination with selected base districts, in order to permit any combination of office, retail, commercial, and residential uses within a single development.

2. *The proposed zoning should promote consistency and orderly planning.*

The site under consideration is adjacent to commercial uses to the north, across Howard Lane, and to residential uses to the south and west. The proposed zoning will provide for a transition in the intensity of uses from the commercial uses developed in the County to the north to the SF-6/MF-3 zoning and residential developments to the south and west.

3. *Zoning should promote the policy of locating retail and more intensive zoning near the intersections of arterial roadways or at the intersections of arterials and major collectors.*

The property in question is located along an identified activity corridor takes access to major arterial roadways, West Howard Lane and Metric Boulevard. The Imagine Austin Comprehensive Plan Growth Concept Map identifies this property as being located along an Activity Corridor (Howard Lane/Gregg Corridor) and abutting a Neighborhood Center (Tech Ridge Neighborhood Center).

There are transportation services in this area as there are Capital Metro bus routes along W. Howard Lane (#325) and Metric Boulevard, with a bus stop directly adjacent to this site on Metric Boulevard. In addition, there is access to a designated urban trail (Wells Branch Creek) to the east.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	GO	Undeveloped
<i>North</i>	County	Industrial/Office/Warehouse
<i>South</i>	SF-6, MF-3-CO	Single Family Residences (The Ridge at Scofield, Scofield Farms Meadows)
<i>East</i>	P, GR, MF-3-CO	Undeveloped/Floodplain, Single Family Residences (Scofield Farms Meadows), Multifamily (Madison at Scofield Farms Apartments)
<i>West</i>	SF-6	Single Family Residences (The Ridge at Scofield)

	Industrial Land: Preserves or enhances industrial land.
Y	Not located over Edwards Aquifer Contributing Zone or Edwards Aquifer Recharge Zone
7	Number of "Yes's"

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Walnut Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Gross Site Area</i>	<i>% of Gross Site Area with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

According to floodplain maps there is a floodplain within or adjacent to the project location. Based upon the location of the floodplain, offsite drainage should be calculated to determine whether a Critical Water Quality Zone exists within the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2-year storm on site.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

Fire

No comments.

Parks and Recreation

Parkland dedication will be required for the new applicable uses proposed by this development, multifamily with MF-4 zoning, at the time of subdivision or site plan, per City Code § 25-1-601. Whether the requirement shall be met with fees in-lieu or dedicated land will be determined using the criteria in City Code Title 25, Article 14, as amended. Should fees in-lieu be required, those fees shall be used toward park investments in the form of land

acquisition and/or park amenities within the surrounding area, per the Parkland Dedication Operating Procedures § 14.3.11 and City Code § 25-1-607 (B)(1) & (2).

If the applicant wishes to discuss parkland dedication requirements in advance of site plan or subdivision applications, please contact this reviewer: thomas.rowlinson@austintexas.gov. At the applicant's request, PARD can provide an early determination of whether fees in-lieu of land will be allowed.

Site Plan

Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

Transportation

The Austin Strategic Mobility Plan (ASMP) calls for 116 feet of right-of-way for Howard Lane and 116 feet of right-of-way for Metric Blvd. It is recommended that 58 feet of right-of-way from the existing centerline should be dedicated for both Howard Lane and Metric Blvd according to the Transportation Plan with the first subdivision or site plan application. [LDC 25-6-5]

The adjacent street characteristics table is provided below:

Name	ASMP Classification	ASMP Required ROW	Existing ROW	Existing Pavement	Sidewalks	Bicycle Route	Capital Metro (within ¼ mile)
Howard Lane	Level 3	116 feet	147 feet	100 feet	Yes	Yes	Yes
Metric Blvd	Level 3	116 feet	125	70 feet	Yes	Yes	Yes

Water Utility

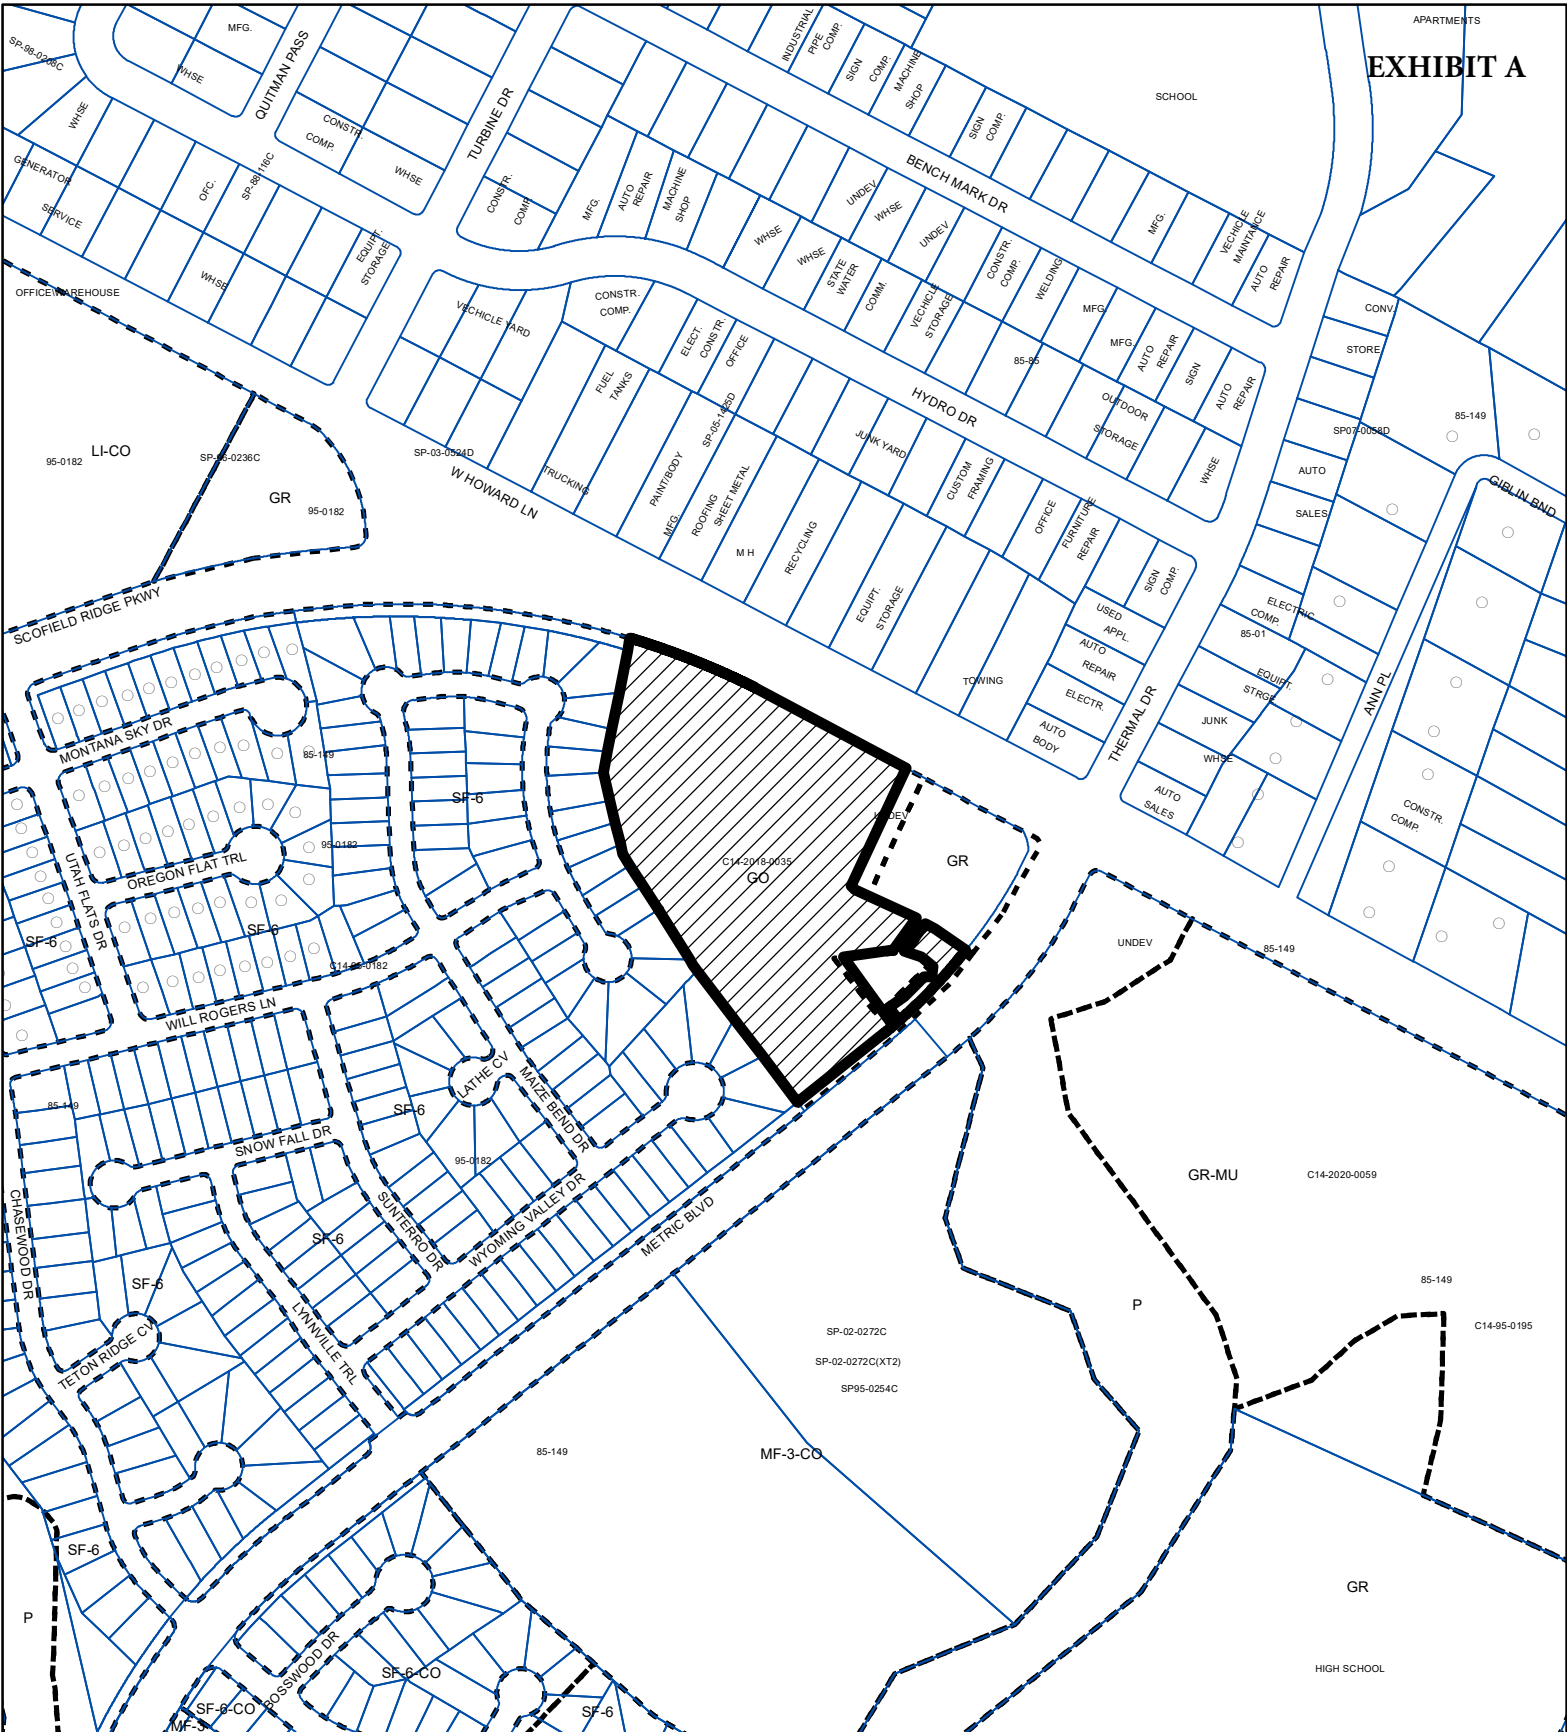

No comments on zoning change.

FYI: The landowner intends to serve the site with existing City of Austin water utilities.

Based on current public infrastructure configurations, it appears that service extension requests (SER) will be required to provide service to this lot. For more information pertaining to the Service Extension Request process and submittal requirements contact the Austin Water SER team at ser@austintexas.gov

Re: 13614 Metric – Rezoning application for the 8.7549-acre piece of property located at 13614 Metric Boulevard in Austin, Travis County, Texas (the “Property”)

Dear Ms. Middleton-Pratt:

As representatives of the owner of the Property, we respectfully submit the enclosed rezoning application package. The project is titled 13614 Metric, consists of 8.7549 acres, and is located at 13614 Metric Boulevard at the southwest corner of the Metric Boulevard and West Howard Lane intersection. The property is currently vacant without a current land use.

The Property is currently zoned GO, General Office, district. The requested rezoning is from GO to GO-MU, General Office – Mixed Use combining district. This rezoning is requested to allow a residential development with approximately 238 multifamily units. This request is consistent with surrounding uses.

The Property is not located within an approved City of Austin Neighborhood Planning Area; therefore, the Property does not have a Future Land Use Map (“FLUM”) designation and a Neighborhood Plan Amendment is not required.

A Traffic Impact Analysis (“TIA”) is not required per a TIA Determination Form signed by Adrianna Morrow, dated November 3, 2023. A TIA is not required because the traffic generated by the proposal does not exceed the thresholds established in the Land Development Code.

Please let me know if you or your team members require additional information or have any questions. Thank you for your time and attention to this project.

Very truly yours,

A handwritten signature in blue ink that reads "Amanda Swor". The signature is fluid and cursive, with the first name "Amanda" and last name "Swor" clearly legible.

To: [Sylvia Lee](#)
Subject: RE: Project Location 13614 Metric Boulevard
Date: Friday, March 22, 2024 7:56:00 AM

Hi Ms. Lee,

Thank you for your comments. They will be included with the backup material for this case that will be posted online for the City Council's review.

Just to clarify, smoke shops (General Retail Sales-Convenience), check shops (Alternative Financial Institutions), mechanic shops (Automotive Repair Services) and liquor stores (Liquor Sales) uses are not permitted in the requested GO-MU zoning district.

You can find the Zoning Permitted Use Table on the city's website at:

<https://www.austintexas.gov/page/zoning-resources-site-regulations>
https://library.municode.com/tx/austin/codes/code_of_ordinances?nodeId=TIT25LADE_CH25-2ZO_SUBCHAPTER_CUSDERE_ART2PRUSDERE_DIV1RETA_S25-2-491PECOPRUS

The Law Department has determined that the city noise ordinance (Land Development Code Chapter 9.2 - Noise and Amplified Sound) already controls music decibels. If you have an issue with loud music, please report it to 311 so that they can direct your complaint to the appropriate department.

Fencing is already required between residential and commercial uses under LDC Sec. 25-2-899 – Fences as Accessory Uses.

The caliper measurement of protected trees will be reviewed at that time of site plan per LDC Chapter 30-5 – Environment – Subchapter B. Tree and Natural Area Protection. The city cannot require specific trees and the location of trees through a zoning case.

The location of dumpsters will be determined at the time of site plan through city regulations.

The city does not have a revert clause in zoning ordinances. Once the property is zoned to permit uses and site development standards, the only way for the zoning to change is if a new zoning application is filed for the property.

Please contact the applicant if the neighborhood is interested in adding specific conditions for the property through a private restrictive covenant agreement.

Thank you,

Hello,

I live on Maize Bend Dr. I agree with my friends and neighbors regarding the following requests:

Requested Restrictions for Project Location 13614 Metric Boulevard

- Do not allow smoke shops, loan shops, check shops, mechanic shops, liquor stores, or anything else in these categories.
- No outside music after 9 pm.
- 8-ft tall sound preventative and decorative wall (such as fencecrete or splitface CMU) along the property between Maize Bend Dr properties and this property.
- Trees between the property line and the parking area /structure.
 - Minimum of 4-inch trunk diameter
 - Mix of Trees, such as live oak, cedar elm, and sycamore
 - Development must meet the CoA's capability buffer requirements. The Developer is currently showing parking up against the drainage easement without trees between the parking area and property line. Thus, please require the trees.
- Dumpsters not adjacent to the property line of the Maize Bend Dr properties.
- Since we have been coordinating with one Developer, we want to protect ourselves if that Developer backs out. Thus, please add a clause that if the newly requested of GP-MU zoning ceases for an extended period of time (1 year) then the Property's zoning automatically reverts to original zoning of GO.

Thank you for your consideration.

Best regards,
Sylvia Lee Guan

Dear Sherri,

The neighbors adjacent to this property have some concerns about the re-zoning in regards to Project Location 13614 Metric Boulevard. Thus, we would like to request the restrictions listed below to be placed on the re-zoning for this particular property. ***Please confirm if this is possible.*** I am not sure if you have been to Maize Bend Dr. If you have not, it is full of young kids and directly visible to this property. Therefore, it is critical to ***keep the children safe*** as well as ***not to reduce the property value of these homes.***

Requested Restrictions

- Do not allow smoke shops, loan shops, check shops, mechanic shops, liquor stores, or anything else in these categories.
- No outside music after 9 pm.
- 8-ft tall sound preventative and decorative wall (such as fencecrete or splitface CMU) along the property between Maize Bend Dr properties and this property.
- Trees between the property line and the parking/structure of at least 8-ft diameter.
- Dumpsters not adjacent to the property line of the Maize Bend Dr properties.

Thank you greatly for your support and upholding the safety of our community. We are beyond appreciative.

Please confirm receipt of this email.

Thank you!!

Requested Restrictions for Project Location 13614 Metric Boulevard

Hello, my name is Stephany Barnes and I live in the Scofield area on Maize Bend Dr.

Regarding the zoning restrictions for the project on 13614 Metric Blvd, which backs up to Maize Bend Dr., I would also like to share my support for the following restrictions requested by our existing community:

Do not allow smoke shops, loan shops, check shops, mechanic shops, liquor stores, or anything else in these categories.

No outside music after 9 pm.

8-ft tall sound preventative and decorative wall (such as fencecrete or splitface CMU) along the property between Maize Bend Dr properties and this property.

Trees between the property line and the parking area /structure.

Minimum of 4-inch trunk diameter

Mix of Trees, such as live oak, cedar elm, and sycamore

Development must meet the CoA's capability buffer requirements. The Developer is currently showing parking up against the drainage easement without trees between the parking area and property line. Thus, please require the trees.

Dumpsters not adjacent to the property line of the Maize Bend Dr properties.

Since we have been coordinating with one Developer, we want to protect ourselves if that Developer backs out. Thus, please add a clause that if the newly requested of GP-MU zoning ceases for an extended period of time (1 year) then the Property's zoning automatically reverts to original zoning of GO.

External Email - Exercise Caution

Requested Restrictions for Project Location 13614 Metric Boulevard

- Do not allow smoke shops, loan shops, check shops, mechanic shops, liquor stores, or anything else in these categories.
- No outside music after 9 pm.
- 8-ft tall sound preventative and decorative wall (such as fencecrete or splitface CMU) along the property between Maize Bend Dr properties and this property.
- Trees between the property line and the parking area /structure.
 - Minimum of 4-inch trunk diameter
 - Mix of Trees, such as live oak, cedar elm, and sycamore
 - Development must meet the CoA's capability buffer requirements. The Developer is currently showing parking up against the drainage easement without trees between the parking area and property line. Thus, please require the trees.
- Dumpsters not adjacent to the property line of the Maize Bend Dr properties.
- Since we have been coordinating with one Developer, we want to protect ourselves if that Developer backs out. Thus, please add a clause that if the newly requested of GP-MU zoning ceases for an extended period of time (1 year) then the Property's zoning automatically reverts to original zoning of GO.

Mian Guan
2012 Maize Bend Dr
Austin, TX 78727
