1	Cox	JOINT PUBLIC HEARING - VERSION 1 MARCH 29, 2024	pgs 2-3	Remove roadway classification restriction for conditional use of EV Charging.	(l) Electric vehicle charging use is a conditional use if the site: (1) is zoned with a zoning district included in Subsection (G); and <del>(2) front faces or side faces one of the following roadways: (a) a core transit corridor; (b) a future core transit corridor; (c) an urban roadway.</del>	Yes	As electric vehicles lower in price, the major barrier to mass adoption will be the lack of home charging for renters. In these scenarios it might be beneficial to have small EV charging sites along smaller roadways, subject to an approved	6/6	Yes	Yes	yes	yes	Yes	Yes
