ANALYSIS / ADDITIONAL INFORMATION: The Center for Disease Control and Prevention (CDC) Center for Forecasting and Outbreak Analytics (CFA) grant funds will be used by APH to support a newly established Pandemic Preparedness Center at the University of Texas. This center will be part of an outbreak response network that uses data to support decision-makers during public health emergencies with new analytical tools, methods, platforms, and modeling efforts. This will support 1.0 existing full-time equivalent (FTE) grant funded APH position and departmental services and subject matter expertise of APH and Emergency Medical Services (EMS).
