HLC, please do NOT release a demolition permit for 2307 Windsor Road #2 (Case No. GF-24-030562) and instead either initiate historic zoning or invoke a 180-day demolition delay to allow for further research or for potential purchase.

This is a historic house that contains amazing landscape elements, incorporating the natural landscape into the Modernist design, including decorative stonework procured from the 1853 Texas Capitol, wrought iron fencing that graced the 1888 Texas Capitol, bricks and other elements from UT's Old Main, and an iconic dry stack limestone fence constructed of hand hewn stones salvaged from Anderson's Mill, a local grist mill operating from 1861 to 1894.

Thanks,

Fatima Betts
