

June 9, 2024

I am writing in regards to Meghan Hughe's application for a demolition permit at 4200 Wilshire Pkwy. As someone who has volunteered alongside Meghan Hughes in various neighborhood initiatives, I have seen her dedication to our community firsthand.

The plans for their new house reflect a deep understanding of our neighborhood's character and an admirable vision for its future. The design respects the spirit of our area, while tastefully enhancing its aesthetic. This thoughtful approach will seamlessly integrate the new construction with the existing homes, maintaining the neighborhood's cohesive charm.

Thanks,

Kevin Sullivan
