To whom it may concern,

I would like to express my enthusiastic support for Meghan Hughes in her application for a demolition permit at 4200 Wilshire Pkwy. As an architectural designer and a fellow resident, I am impressed with the proposed plans for the new house.

The design is an excellent blend of old and new, capturing the historical essence of our neighborhood while introducing contemporary elements that enhance its overall aesthetic. This balance ensures that the new construction will not only respect but also enrich the character of our community. It is a thoughtful vision that preserves our heritage while thoughtfully integrating modern touches.

Best,

Frances Peterson
