4208 Wilshire Pkwy
Austin, TX 78722

To: Historic Landmark Committee & The City of Austin

Meghan Hughes, my neighbor at [4200 Wilshire Parkway](#) has been a member of the community for nearly 18 years. I am in favor of her requested demolition and rebuild plans, as she has shared her architectural renderings with me. Her new home will preserve the beauty and integrity of the mid-century characteristics and qualities of Wilshire Wood. She has ensured that her design preserves the limestone masonry on the facade just as most original Wilshier homes have. She is taking steps to ensure that the project benefits the surrounding area by allowing the nearby fire station #14 to utilize her pre-renovation home for training.

I look forward to seeing how her new home adds to the value of the neighborhood.

Yours truly,

Michol O'Connor
