The Gateway

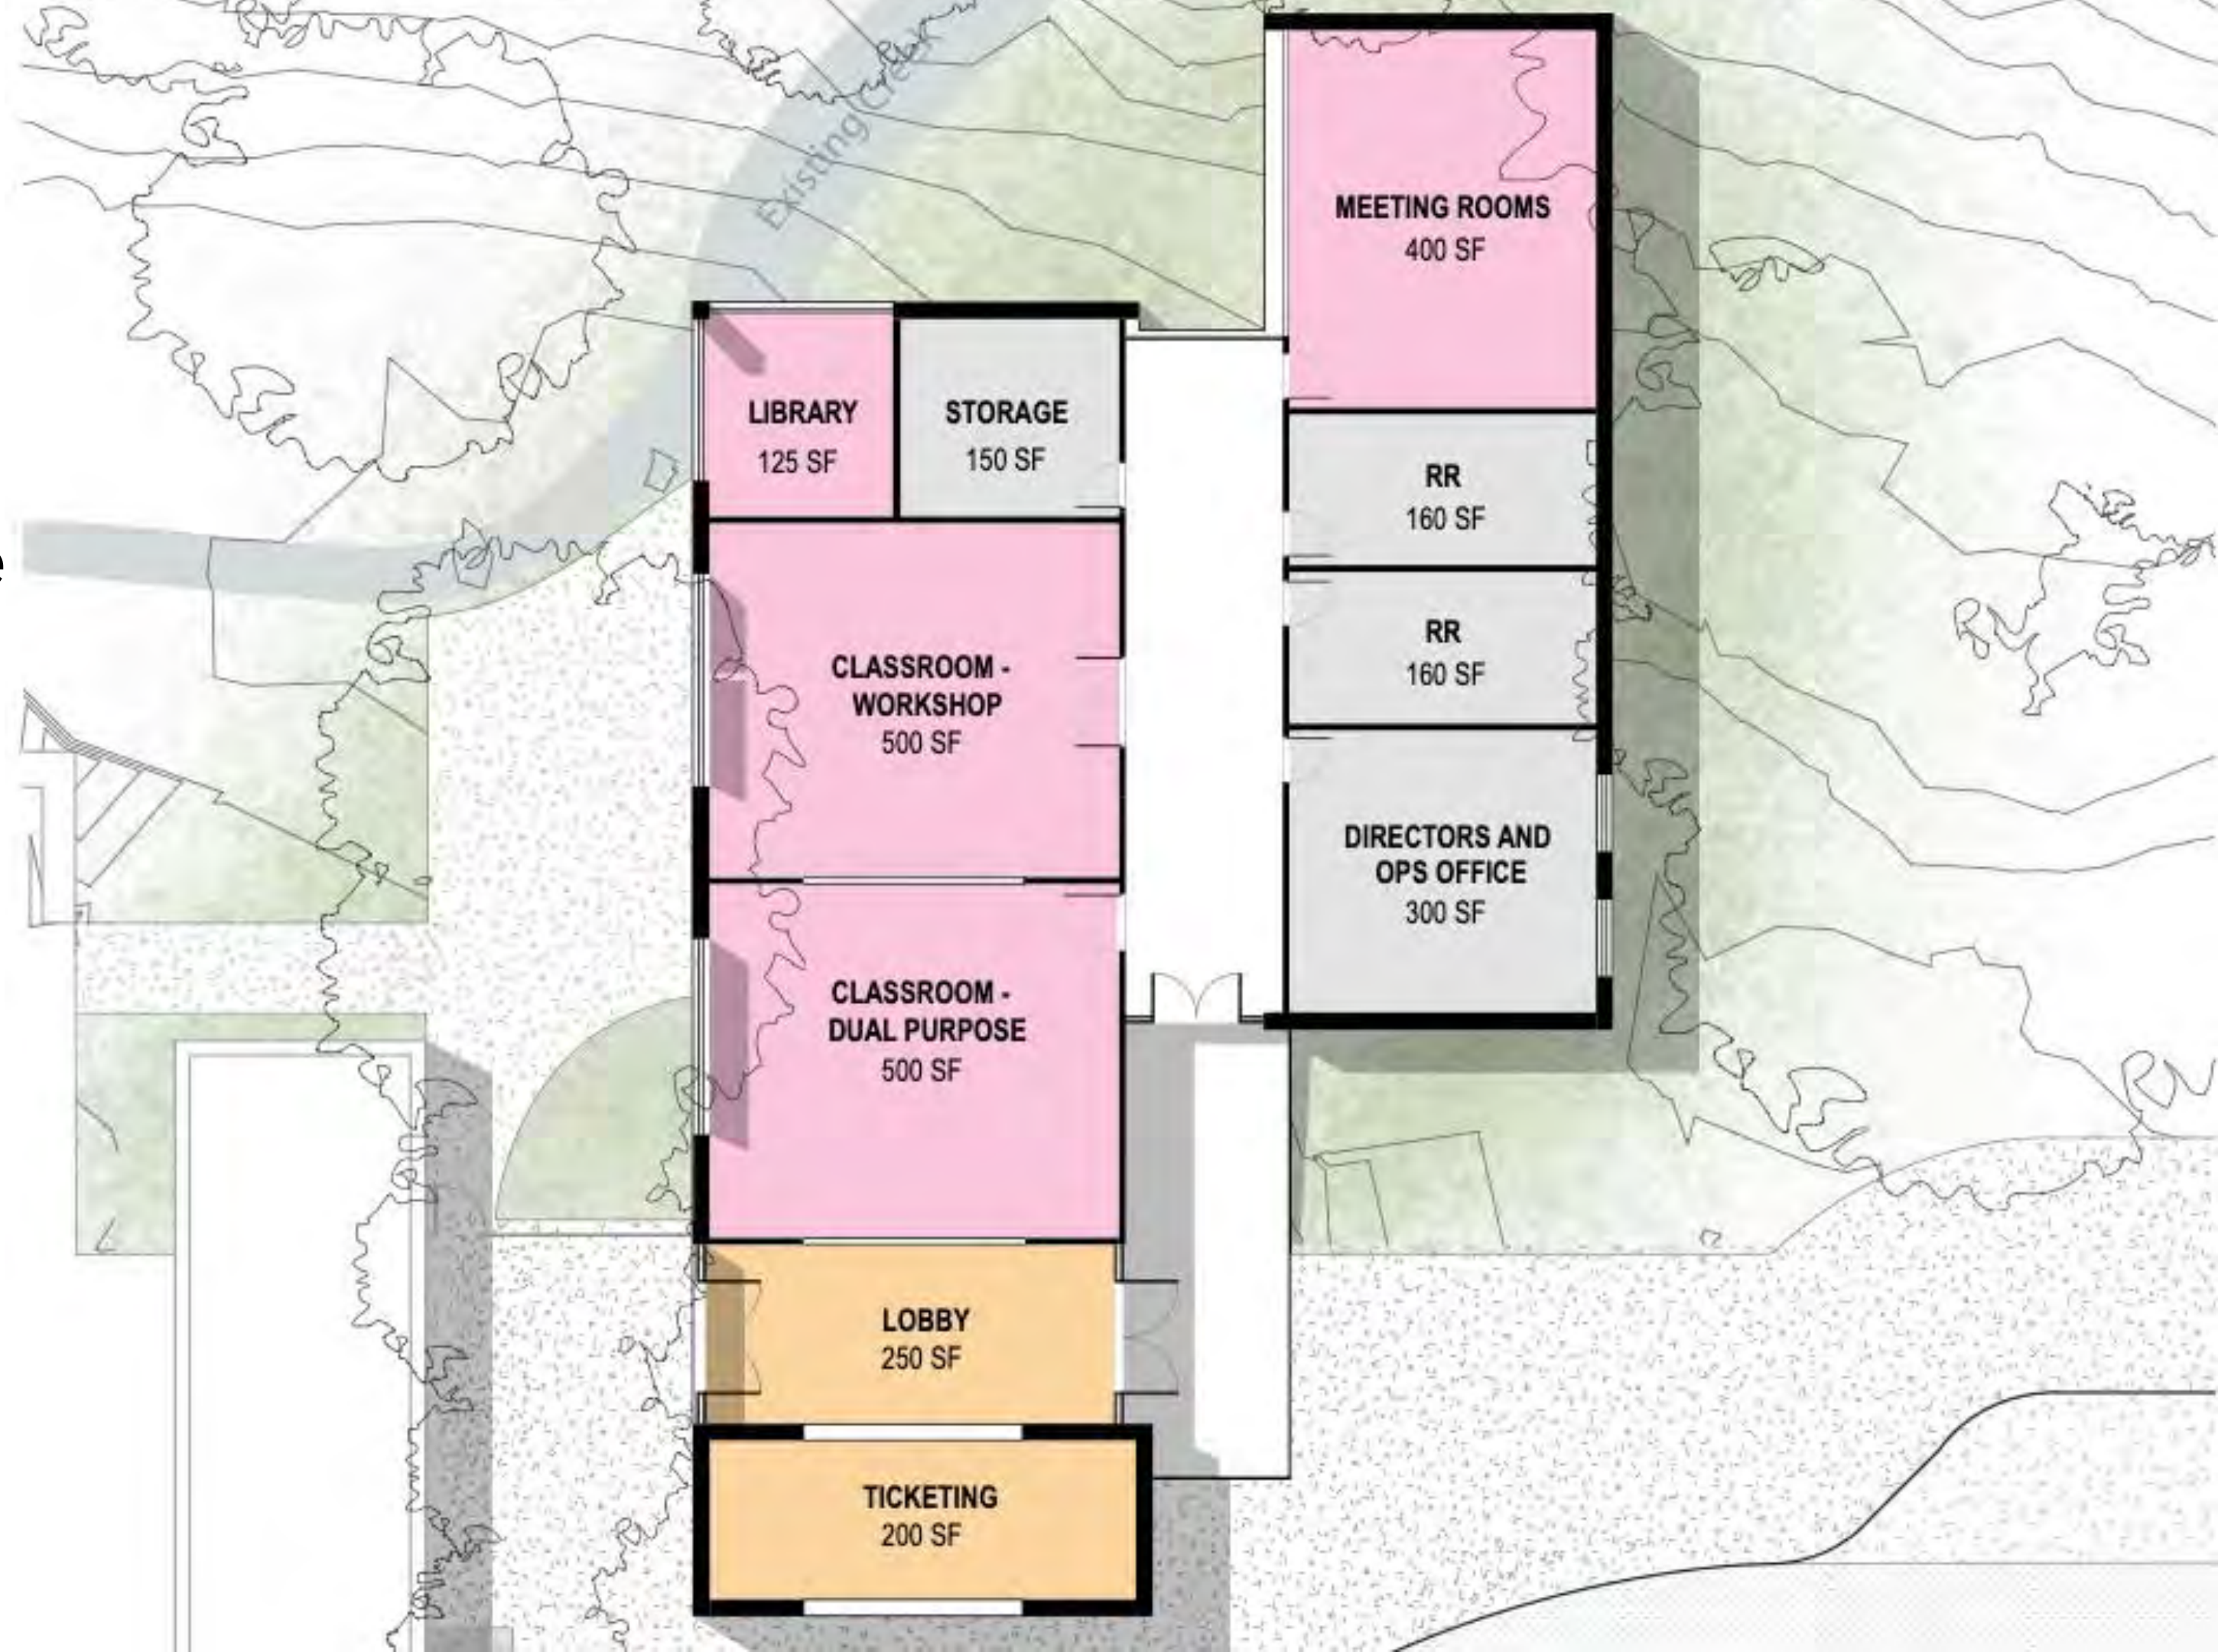

The Gateway

An architectural rendering of a modern building named 'The Gateway'. The building features a long, low profile with a series of large, vertical glass panels set within a reddish-brown metal frame. It is situated in a lush, green garden with large trees and dense foliage. In the foreground, there is a raised wooden deck with several small tables and benches. To the right, a stone wall and a paved area with people walking are visible. The scene is bathed in warm, golden light, suggesting late afternoon or early morning.
