

sorted by Population

City	Population	No New Billboards
Houston	2,157,096	Yes
San Antonio	1,410,000	No
Austin	827,227	Although Austin sign code does not permit new billboard locations, it undermines that provision by allowing existing billboards that operate along certain scenic-designated highways to move (aka, relocate) to certain non scenic-designated highways. We are not aware of any other Texas city on this list that allows this.
