CAPITAL CAMPAIGN FOR MUSEUM IMPROVEMENTS AND ACCESSIBILITY

**BEYOND
FORMOSA**

Creating a
transformative
experience for
museum visitors and
the Austin
community.

VISION

The museum is more inclusive, accessible, and engaging for all visitors while preserving its historic value. The improvements enhance both the physical space and the visitor experience.

PROJECT GOALS

PRESERVE

To preserve historic Formosa, the world's largest collection of Ney's artworks, and key wilderness elements of the property while updating access, safety, climate control, and gathering places.

PROJECT GOALS

REIMAGINE

To use the interpretive and landscape plans in a holistic and forward-looking way, with an aim for sustainability and broadening the experience for visitors to engage with Ney's life work, artistic process, lived experience, world view, and the symbolism of her story against the backdrop of tomorrow.

PROJECT GOALS

INSPIRE

To make museum visitors feel welcome, inspired, and reinvigorated.
