Monthly Report on License Agreement
2025-11 November

This report is in agreement with the terms outlined in Section 8.4 of the License Agreement between the City of Austin and Austin Pets Alive! with a focus on APA!'s impact on Travis County through our partnership with Austin Animal Services.

Austin Pets Alive! (APA!) is consistently the city of Austin's largest partner in lifesaving. Our mission is to keep Austin No Kill by taking in the animals that have medical and behavioral concerns that the city cannot care for or treat. Since 2011, due to our partnership with Austin Animal Services to take the animals at risk of euthanasia, our city has been the largest No Kill city in the US.

APA! Intakes transferred from AAS:

In November 2025, 88 animals were transferred from AAS to APA! *(per APA! audited records)* for lifesaving care and placement. This accounts for 12.8% of the month's intake for AAS.

Additionally, APA! took in 26 pets directly from within Travis county through the PASS program that should have otherwise entered AAS.

Cat Behavior	0
Cat Bottle Baby	16
Cat Maternity/Nursing	0
Cat Medical (incl. panleuk)	16
Cat Space	0
Dog Behavior Large/Medium	7
Dog Behavior Small	1
Dog Bottle Baby	0
Dog Maternity/Nursing	20
Dog Medical (non-parvo)	22
Dog Parvo	6
Dog Space Large/Medium	0
Dog Space Small	0
TOTAL DIRECT TRANSFERS	**88**
Cat BIC	0
Dog BIC	8
TOTAL AAC	**96**
Travis - PASS (non-parvo)	17
Travis - Parvo OS/PASS	9
TOTAL TRANSFER + DIVERSIONS	**122**

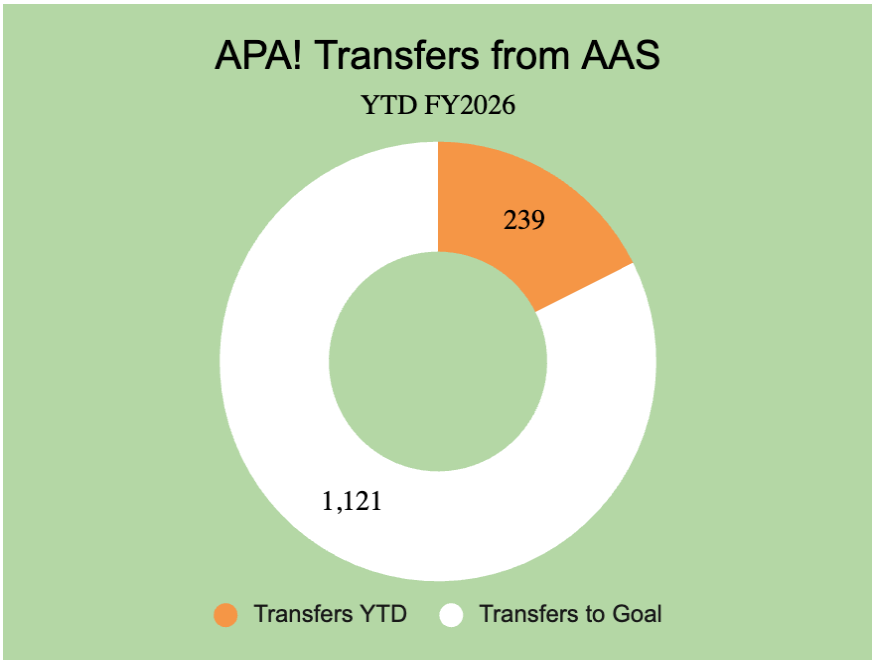
APA! Transfers from AAS as % of Annual Goal

APA must: (a) select a sufficient number of animals from the At-Risk List so that at the end of each year of the Term APA will have selected from the At-Risk List 12% of the total number of animals taken in by AAS during the preceding year.



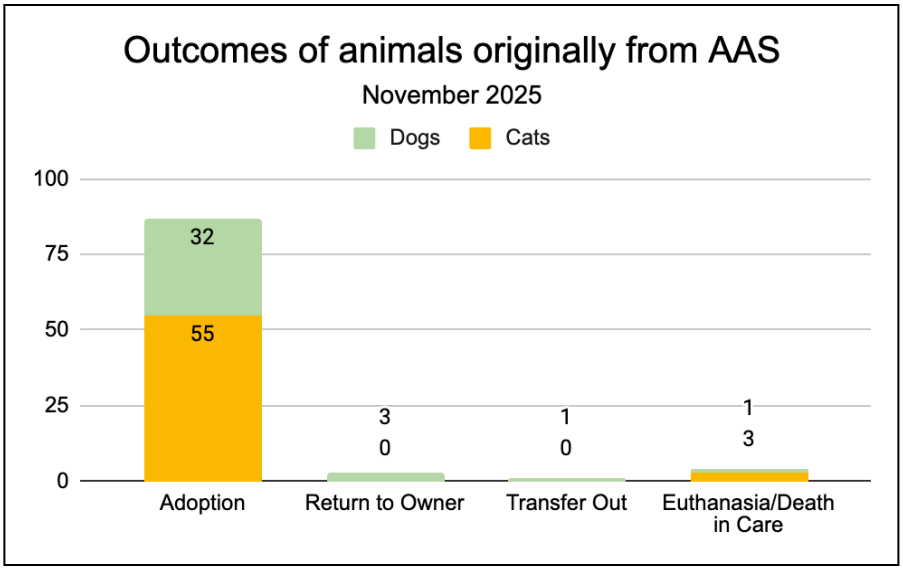
AAS Dog & Cat Intake Total in FY25: **11,331**

APA! Transfer Requirement for FY26: **1,360**

As of the end of November 2025, APA! has taken 239 animals from AAS, or 17.6% of the total required for the fiscal year.

Outcomes of animals originating from AAS

This looks at the outcomes of animals in the reporting month who originally came from Austin Animal Services (all time).



*The single transfer out in November was an adult dog who was taken by an out-of-state sanctuary after being in APA!'s care for 2+ years.

**Death in Care is comprised of animals who died while receiving appropriate care for their condition.*

Impact of APA! Transfers on AAC Live Release Rate (LRR) for Prior Month

As APA! takes animals directly from AAC's At-Risk list, this chart attempts to show what the AAS LRR might look like without transfers to APA. While there is no perfect way to calculate this metric since it is impossible to know what would have happened were these animals not pulled by APA, this is one way to illustrate APA's effect on AAC live outcomes.

*Due to ongoing data gaps in the AAS public data dashboards, these numbers are being reported for the **previous** month, based on data shared in that month's AAS report.

Reported AAC Dog & Cat Live Release Rate - October 2025			95.03%
At-Risk Transfers to APA!:	Animals with < 2hr deadline	87	84.04%
	Animals with >2, <48hr deadline	55	77.58%
	Other At-Risk animals (behavior, etc.)	9	76.53%
AAC Live Release Rate without APA! - October 2025:		**76.53%**	

Survival Rates of AAC Medical Transfer Pets

This looks at the outcomes of pets transferred from AAC to APA! as medical cases in the month prior to the month of the report, to show their minimum 30-day survival rate and current status.

Total Medical Cases Transferred (in October 2025)	
Status as of 12/3/25:	
Adopted/Transferred Out	53
In Foster	50
In Shelter	10
Deceased	15
Survival Rate	**88.28%**
