

Trailers With Security Camera Pilot and Recommendations

Austin Parks and Recreation

February 2, 2026

Background: Rising Property Crime

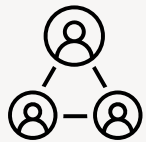

The pilot program was a strategic response to a critical surge in Burglary of Vehicle (BOV) offenses across major park locations.

Safety Impact: High crime rates made it difficult for families to feel secure in parks.

Strategic Deployment:

Locations were chosen based on specific APD historical crime data.

MEASURABLE SUCCESS: IMPACT ON CRIME

76%

REDUCTION IN BOV

Incidents at Mt. Bonnell (Covert Park) dropped from 373 to 88 cases during the pilot period.

9/15

PARKS IMPROVED

The majority of participating sites saw an immediate decrease in reported criminal activity

Deterrence Factor: Prominently placed trailers served as a high-visibility warning to potential offenders

UPHOLDING PRIVACY STANDARDS LONGTERM CONTRACT

- **Exclusive Ownership:** The City of Austin maintains 100% control of all footage.
- **Secure Storage:** Hosted in a CJIS-compliant cloud with U.S.-based encryption.
