External Email - Exercise Caution

Hello,

I wanted to comment on the rezoning hearing tomorrow, case C14-2025-0126. idk if i missed the window because the case isn't selectable on the online form with the QR code.

I support the rezoning for tracts 1 and 2. Infill development is essential for fiscal solvency and walkability. However, I oppose rezoning tracts 3, 4, and 5. These undeveloped areas provide critical wildlife habitat, including for owl species. I recommend these tracts be designated as protected green space or parks - this would serve residents, support property values, and preserve the ecological functions that make this area desirable.

Patrick Jeeves
