How will you resolve ongoing confusion around differences/ needs of the Festival Beach Community Garden and the Festival Beach Food Forest. They are two different spaces with different structures, memberships, site plans, and city points of contact.

3/12/2026

What measures will be taken to ensure that there is no damage or over-pruning/topping of the mature trees within the Festival Beach Community Garden during the installation of this transmission structure?

3/12/2026

Thank you for the question. The Land Development Code and Criteria Manual require that any tree pruned over 25% be mitigated for and Austin Energy has committed to no pruning over the 25% limitation for this project.

3/19/2026

What options are available to beautify the structure/space that will be impacted at Festival Beach Community Garden by the installation of this transmission structure directly at the entrance to Festival Beach Community Garden?
