- Consideration of COA ESD Team with Landscape Architect Kimberly Gilbertson

Landscape Architecture by ESD

- Violet Crown Trail South Whirlpool Patio

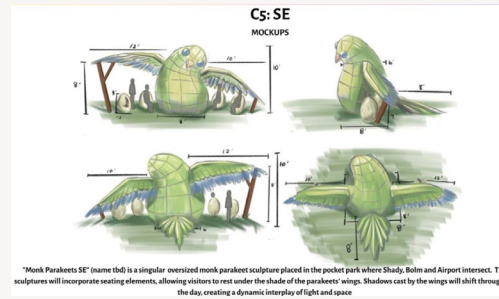

- Mogan / Bolm Road Trailhead

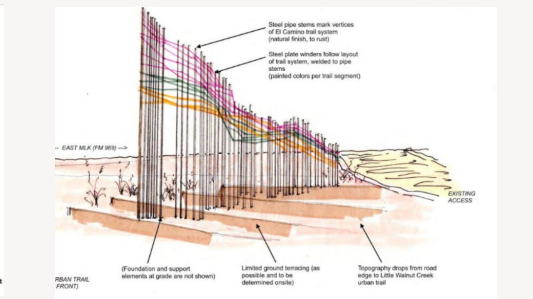

- BOLM / Shady / Airport AIPP Colab

- East MLK AIPP Colab

Mock Parakeets SE (name that) is a singular oversized mock parakeet sculpture placed in the pocket park where Shady, Bolm and Airport intersect. The sculptures will incorporate seating elements, allowing visitors to rest under the shade of the parakeets' wings. Shadows cast by the wings will shift throughout the day, creating a dynamic interplay of light and space.
