City of Austin

Recommendation for Action

File #: 26-1973, **Agenda Item #:** 15. 7/23/2026

Posting Language
Authorize an amendment to a contract for continued soil relocation for Austin Aviation with Triumvirate Environmental d/b/a Gruene Environmental Services, to increase the amount by $298,190 for a revised total contract amount not to exceed $1,436,638. Funding: $298,190 is available in the Capital Budget of Austin Aviation.

Lead Department
Austin Financial Services.

Client Department(s)
Austin Aviation.

Fiscal Note
Funding in the amount of $298,190 is available in the Fiscal Year 2025-2026 Capital Budget of Aviation.

Procurement Language:
Contract Amendment.

MBE/WBE:
This contract was reviewed for subcontracting opportunities in accordance with City Code Chapter 2-9B (Minority-Owned and Women-Owned Business Enterprise Procurement Program). For the services required for this contract, there were no subcontracting opportunities; therefore, no subcontracting goals were established.

Prior Council Action:
September 26, 2024 - Council approved a contract for soil relocation with Triumvirate Environmental d/b/a Gruene Environmental Services.

For More Information:

Council Committee, Boards and Commission Action:
July 8, 2026 - To be reviewed by the Airport Advisory Commission.

Additional Backup Information:
Journey With AUS is Austin-Bergstrom International Airport's multi-year airport expansion, development and improvement program. The vision of the Journey With AUS program is to meet the current and future needs of our growing region while staying true to our roots and elevating the passenger journey with an authentic Austin and Central Texas experience. The Midfield Taxiway (MFT) Project is one of the first Airport Expansion and Development Program (AEDP) projects. It is a critical project in that it is an enabling project for the future

Concourse B and follow-on AEDP projects.

This contract is for the relocation of a soil stockpile within the footprint of the MFT project. The soil stockpile lies within the alignment of the new midfield taxiways and needed to be moved ahead of MFT construction activities and requires a contractor specializing in soil handling and management. The pile originates from previous onsite construction activities and will be relocated onsite. This work will meet all regulatory requirements and operational needs. This amendment is needed due to additional work required beyond the original scope. This additional work resulted from significant weather delays and additional soil needing to be relocated.

This contract is a key enabling project impacting construction timelines and future development connected to the AEDP and MFT projects. Without the contract Austin Aviation would have experienced construction delays and cost overruns that directly affect budgetary compliance.

Contract Details:

Contract Term	Length of Term	Contract Authorization	Requested Additional Authorization	Revised Total Authorization
Initial Term		$1,138,448		$1,138,448
Proposed Amendment		$298,190		$298,190
Total		**$1,436,638**		**$1,436,638**

Note: Contract Authorization amounts are based on the City's estimated annual usage.

Delay on the approval of this RCA will have a negative impact on the current AEDP schedule.

This project is located within zip code 78719 (District #2).
