Dear Mr Sturgill,

My name is Victor Butcher, and my neighbors and I at 1160 Poquito St received the notice of public hearing for the demolition of 1906 S L Davis St.

My neighbors have lived on this block for many years and they are quite heartbroken that this house will be demolished. They were good friends with the family that lived in the house and they claim that the family had deep connections with President Johnson and his family.
In particular my neighbors claim that the woman who lived there babysat LBJ and was lifelong friends with him.

These are unverified claims, I suppose, but is there a process for the City preservation office to investigate?
Would this story, if true, be important for the Historic Landmark Commission to consider when reviewing the demolition permit?

The house is one of the last of its kind in the neighborhood and is designed with the climate in mind (pre ac) with a wonderfully large porch and great room.

I appreciate your time and consideration!

Victor Butcher
