

MEMORANDUM

TO: Mayor and Council Members

THROUGH: Stephanie Hayden Howard, LMSW, Assistant City Manager

FROM: Kimberly A. McNeeley, M.Ed., CPRP, Director
Austin Parks and Recreation Department (PARD) 

DATE: March 6, 2024

SUBJECT: Fiscal Year 23 Parks and Recreation Department Annual Concession Report

We want to share with you the required annual report, as noted in Section 8-1-73 of the City of Austin Code, to the Parks and Recreation Board (PARB) and the Environmental Commission (EC) providing information regarding concessions in Town Lake Park:

- Name and location;
- An income and expenditure statement;
- Total number of boats rented on Town Lake; and
- A statement describing any environmental or other problem that is caused or created by a concession.

Within 30 days of the receipt of the Annual Concession Report from the Parks and Recreation Department (PARD) staff, PARB and EC make recommendations to City Council regarding:

- Creation, continuation, or termination of a concession;
- Status of each existing concession; and
- Issuance of a request for proposals for a concession under this division.

Staff presented the report to PARB on November 27, 2023, and the board voted 9-0 to recommend the report to Council. Staff presented the report to the EC on January 17, 2024, and the commission approved the report 10-1 with recommendations. The PARB and EC recommendations are attached to this memo.

The Annual Concession Report –combines PARD staff reporting with PARB and EC recommendations. Additionally, the report includes requested appendices on temporary concessions and marine waste.

If you have any questions regarding the report or its recommendations, please contact my office at (512) 974-6717.

cc: Jesús Garza, Interim City Manager

Executive Summary

The mission of the Parks and Recreation Department (PARD) is to inspire Austin to learn, play, and connect by creating diverse programs and experiences in sustainable natural spaces and public places that promote equitable quality of life outcomes.

In carrying out its mission, PARD has established nine permanent concessions in Town Lake Park that provide recreation services. These services include rentals of canoes, kayaks, and stand-up paddleboards (SUPs); rowing instruction and memberships; food and beverage sales; short-course golf; excursion boats; and a mini train. The concessions were established pursuant to City of Austin Code Section 8-1-71, which authorizes the director of the Parks and Recreation Department to allow a person to operate a food or beverage, rental, or service concession in Town Lake Park.

Additionally, Section 8-1-73 requires PARD to present an annual report on the status of concessions operating in Town Lake Park to the Parks and Recreation Board and the Environmental Commission each year. At a minimum, the report must include the following information:

- The name and location of each concession;
- An income and expenditure statement for each concession;
- The total number of boats rented on Lady Bird Lake; and
- A statement describing any environmental or other problem caused or created by a concession.

Within 30 days of receiving the Annual Concession Report, the Parks and Recreation Board and the Environmental Commission make joint recommendations to the City Council regarding the following:

- The creation, continuation, or termination of a concession;

- The status of each existing concession; and
- Issuance of a request for proposals for a concession under this division.

Concession Locations

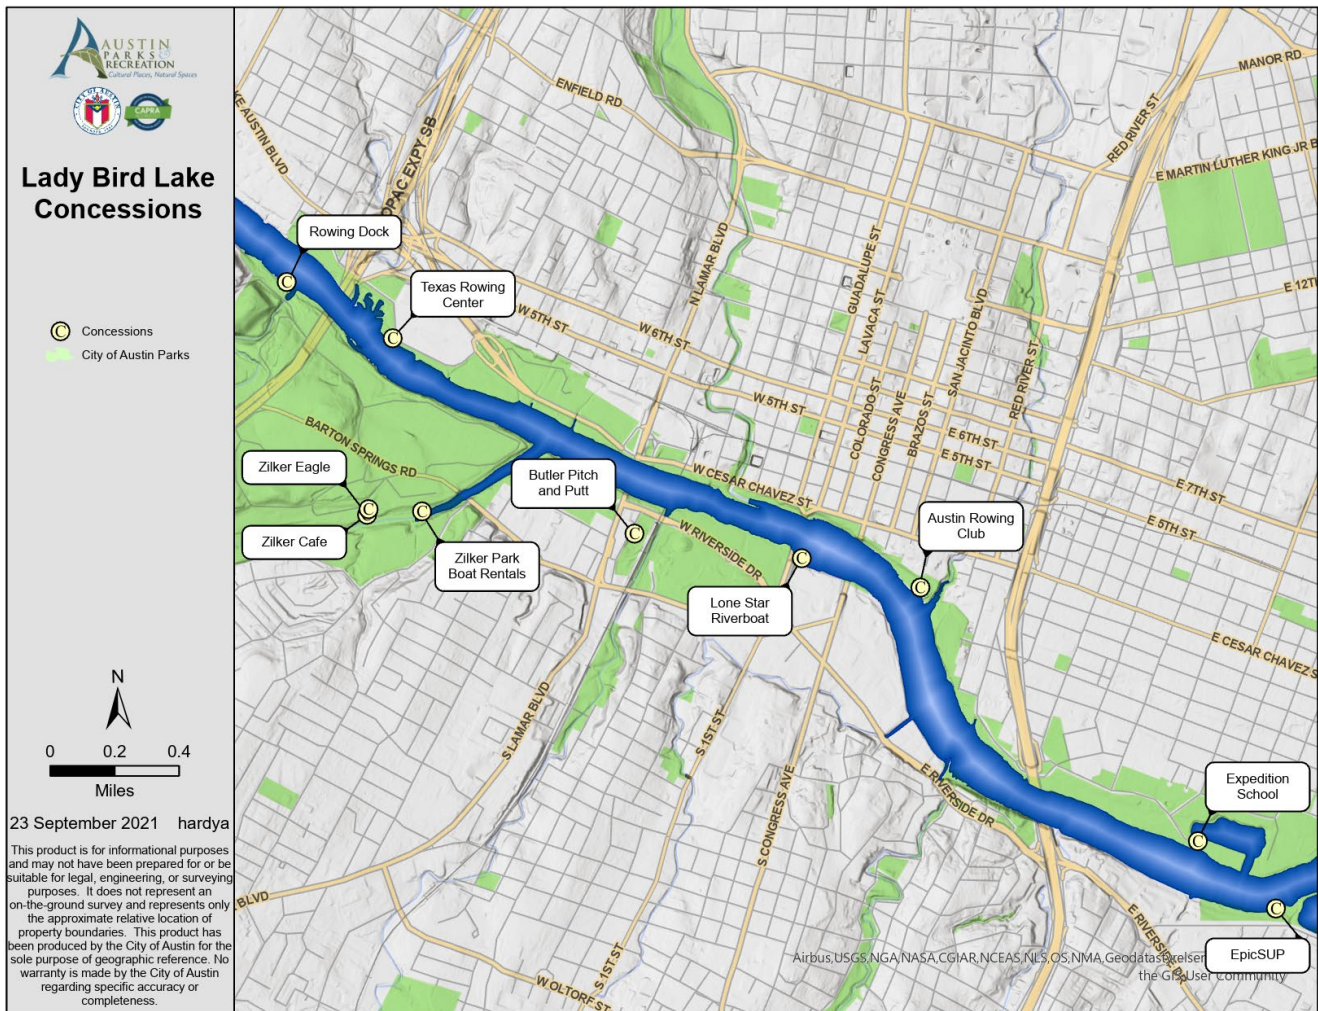

Figure 1. Map of Lady Bird Lake Concessions

As of FY23, there are nine concessions located in Town Lake Park.

- Seven provide water-based recreation services, including one or more of the following: rentals of canoes, kayaks, stand-up paddle boards (SUPs), and electric boats; summer water sports camps; rowing and paddling lessons and membership; guided group tours, team-building outings, and custom paddling events; fitness lessons; and lake excursion cruises. The watercraft concessions include:

- Rowing Dock
 - Texas Rowing Center
 - Zilker Park Boat Rentals
 - Lone Star Riverboat
 - Austin Rowing Club
 - Expedition School
 - EpicSUP
-
- Butler Pitch and Putt provides short-course golf, leagues, lessons, and events.
 - Zilker Eagle (temporarily closed) provides a mini train.
 - Three provide a food and beverage service:
 - Austin Rowing Club (Alta's Café at Waller Creek Boathouse)
 - Butler Pitch and Putt
 - Zilker Café (temporarily closed)
 - Austin Rowing Club offers event space rentals and an indoor rowing fitness studio at Waller Creek Boathouse.

Concession Contracts

Contract Terms

All the Town Lake Park concessions are currently under contract, except for Zilker Cafe. Figure 2 below shows the contractual terms for each of the concessions. Additionally, changes to concession contracts in FY23 are discussed below.

Concession	Contract Begin	Contract End	2000				2005				2010				2015				2020				2025				2030				2035				2040

Figure 2. Contract Terms for Lady Bird Lake Concessions

Solicitations and New Contracts

Rowing Dock

The current agreement with Rowing Dock expired in April 2023. The contract authorized an initial term of five years (2002-2007) with three five-year options (2007-2012, 2012-2017, 2017-2022). The contract was extended for one year (2022-2023), per Council Resolution No. 20220728-192.

The City released a Request for Proposals in fall 2022, with the goal of executing a new contract by April 2023, that would coincide with the contract expiration. The solicitation was published on November 9, 2022, and closed January 3, 2023, with four responsive proposals submitted. On March 13, 2023, a recommendation for award to Texas Canoes and Kayaks was posted, and a six-month extension was put in place to allow for the site's transition to a new vendor. However, shortly after the award was announced, it was protested. On May 5, 2023, Central Procurement cancelled the solicitation on behalf of the City and the City will re-solicit in 2024. An additional year extension was executed to allow for continued operations at the site while a solicitation is conducted.

Zilker Café

No vendor has been operating at the Zilker Café site since early 2016. After the contract with the previous vendor expired, the building was extensively renovated to address the structure's severely deteriorated condition, to meet code requirements, and to provide ADA accessibility.

In 2019, after a competitive solicitation, PARD signed a contract with a vendor to operate the concession beginning in January 2021. However, the opening of the café was delayed, first due to building permitting issues, then the COVID pandemic, and finally, to an unforeseen requirement for a Conditional Use Permit (CUP) to grant the vendor permission to sell beer and wine per the vendor proposal. The Austin Land Development Code requires any area designated as a public (P) district to receive approval of a conditional use site plan by the Land Use Commission for the sale of alcohol. In 2021, PARD requested a CUP for the site, conducted community outreach and collected public input, as required by the CUP process. Both the Parks and Recreation Board and the Planning Commission voted to deny the request, and ultimately, the CUP was not authorized. In 2022, after several unsuccessful attempts to

negotiate with the contracted vendor to begin food and beverage services, the City made the decision to terminate the contractual relationship.

A new Request for Proposals (RFP) was released on May 30, 2023. One responsive proposal was received on July 25, 2023. The vendor's response was evaluated but did not meet the minimum revenue share requirements delineated in the solicitation. The vendor was unwilling to move forward with a new proposal that met the requirements, resulting in Central Procurement cancelling the solicitation. PARD is exploring alternative uses for the space that support the Barton Springs Bathhouse renovations, which are scheduled to begin in early spring 2024. Meanwhile, there are temporary food vendors operating at the Zilker Café site until a new concession contract is established.

Contract Extensions

Rowing Dock

As indicated above, the solicitation for a vendor at Stratford Drive was cancelled and will be resolicited in 2024. To continue providing a watercraft concession at the Stratford Drive location, City Council authorized an additional one-year extension with the current vendor, Rowing Dock, on August 31, 2023. The contract amendment extends operations until October 31, 2024, and will assist PARD in providing quality recreation while providing time to resolicit a concessionaire for the watercraft concession.

Austin Rowing Club at Waller Creek Boathouse

The contract with Austin Rowing Club to manage and operate the Waller Creek Boathouse expired in February 2023. Typically, a solicitation for a new contract would be released approximately a year prior to contract expiration. However, in late 2021, plans were announced that Project Connect would require a bridge and tunnel to be

built across the lake, necessitating the demolition of the boathouse. Because the demolition was projected to take place around 2024, the solicitation process paused until more details about the transit line location and construction timeline could be provided.

In summer 2022, PARD planning staff identified the site at 2200 S. Lakeshore Drive as a potential site for a new boathouse, should the Waller Creek Boathouse be demolished. Subsequently, Council Resolution No. 20220901-085 directed the City to coordinate with Austin Rowing Club regarding relocation efforts and to extend the contract with Austin Rowing Club so that it could remain at the Waller Creek Boathouse until 60 days prior to scheduled demolition. PARD executed an amendment to provide a three-year contract extension, allowing the Austin Rowing Club to continue its operations at the boathouse until more details are known regarding the impact of Project Connect on the location. The current contract expiration date is February 28, 2026.

EpicSUP/The Trail Conservancy

EpicSUP is a former subcontractor with Hosteling International-USA (HI-USA), a group that held a license agreement with PARD for use of the building at 2200 S. Lakeshore Blvd. When the hostel closed in 2020, due to COVID-19, HI-USA terminated its agreement with the City, and accordingly, the subcontract with EpicSUP was also terminated. The vendor has continued providing watercraft concession services as a result of Council Resolution No. 20201112-071, which authorized EpicSUP to operate first through a temporary concession permit and then through a contract with The Trail Conservancy (TTC).

As stated above, in 2021, plans were announced that Project Connect would require a bridge and tunnel to be built across the lake, necessitating the demolition of the Waller Creek Boathouse. The site at 2200 S. Lakeshore Drive, near where EpicSUP operates, was identified as a potential site for a new boathouse. Because of the uncertainty surrounding the plans for Project Connect, PARD has not released a

solicitation for concession operations at the site. Instead, Council Resolution No. 20220901-085 directed the City to coordinate with TTC to extend the contract with EpicSUP until such time as the site is redeveloped. Accordingly, a contract extension was executed in early 2023, and the extension will allow the current vendor to continue its operation for a period of up to five years.

Expiring Contracts

Rowing Dock

The current contract with Rowing Dock will expire October 31, 2024. Meanwhile, the City will issue a solicitation in the 2024 to solicit proposals for the watercraft concession.

Expedition School

The contract with the Expedition School will expire April 28, 2024. The contract allows the concession to operate at a temporary location at the Festival Beach Boat Ramp until such time as the vendor can build a dock at the identified permanent location on the west side of the lagoon. The City will extend the agreement with the Expedition School to allow more time to complete the construction of a new facility. Once the new infrastructure is built, the vendor will relocate to the permanent location.

Zilker Park Boat Rentals

The contract with Zilker Park Boat Rentals was originally scheduled to expire February 28, 2024. Staff worked with the vendor to extend the contract, allowing for sufficient time for the release of solicitation for a vendor to manage, operate, and maintain the watercraft concession.

Other Contract Changes

Zilker Eagle

As directed by Council Resolutions 20200220-046 and 20210930-109, Austin Parks Foundation (APF) was awarded a contract to operate and manage the mini-train operation in Zilker Park in 2021. All net proceeds are to be distributed to non-profit organizations operating within and around Zilker Park. APF built the tracks and infrastructure and acquired a new train, called the Zephyr Eagle. The new tracks follow the existing track base from the train depot to Lou Neff Point. APF has faced many challenges and setbacks in their attempts to restore the park amenity. This summer, APF began a new partnership with a local group of engineers who have the experience and expertise to deliver a safe, functioning train. Barring unforeseen complications, the new and improved Zilker Eagle will enter the testing phase in late fall/early winter, with the train opening to the public shortly thereafter.

Concession Sales, Payments, and Expenditures

Figure 3 below provides gross sales generated by each Town Lake Park concession, as well as reported expenditures and payments to the City.

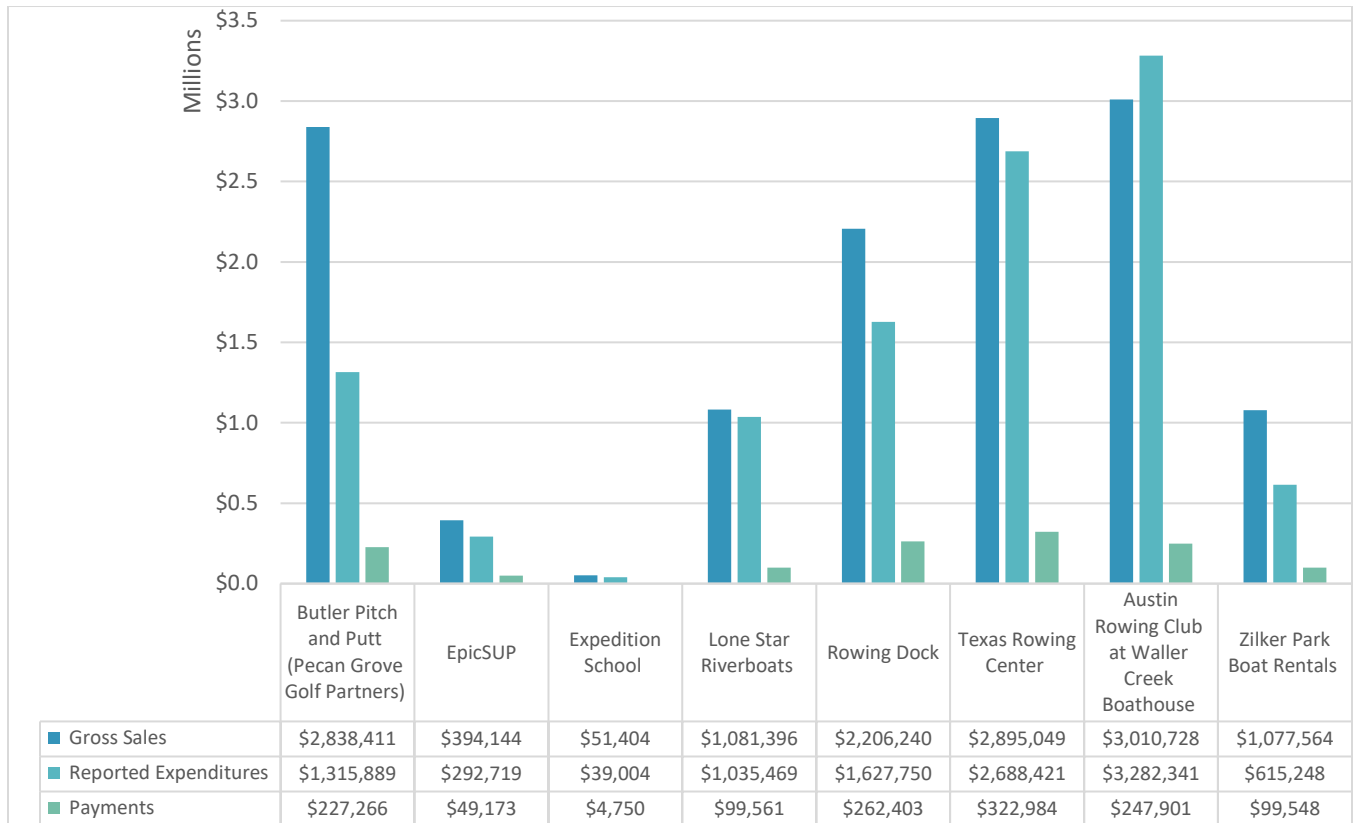

Figure 3. FY23 Gross Sales, Payments, and Reported Expenditures, by Concession

FY23 gross sales totaled over \$13.5 million for the eight concessions. Rental activity on the lake, as well as at Butler Pitch and Putt spiked during FY21 and FY22, during and immediately after the COVID-19 pandemic. This past year saw a decrease in all watercraft activity over the previous year. However, the activity at Butler Pitch and Putt is on an upward trajectory and has increased 12% over FY22. Figure 4 below shows the gross sales over the past nine years.

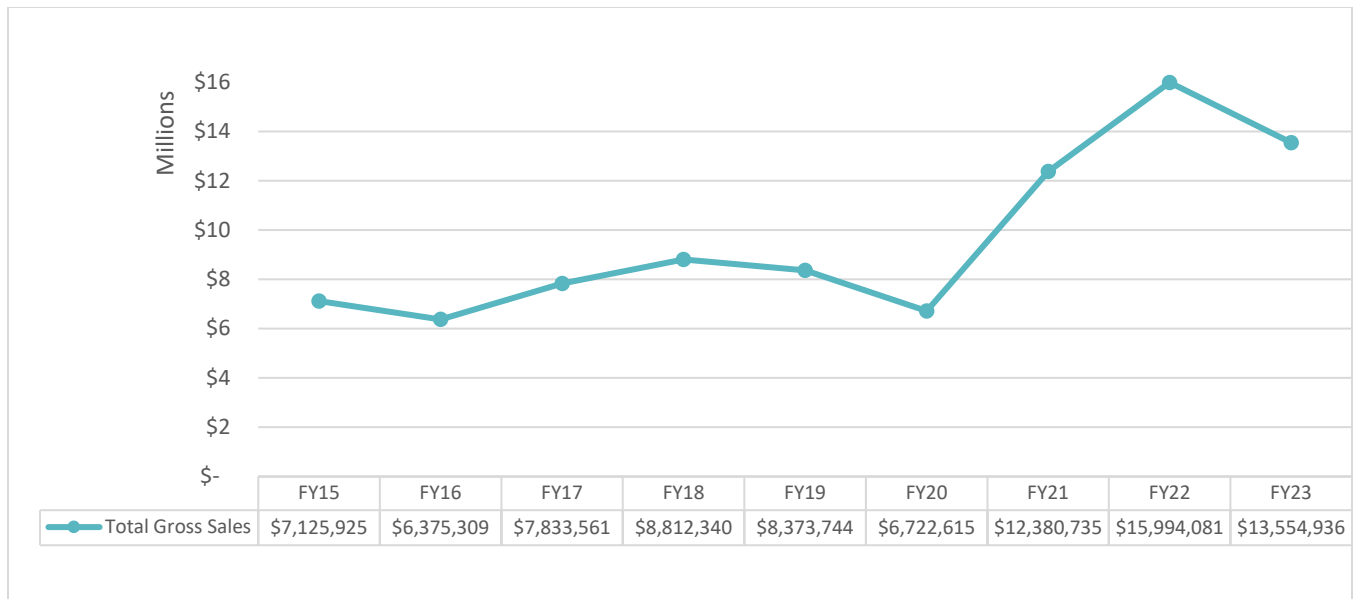

Figure 4. Total Annual Gross Sales Since FY15

Revenue Share Payments

The revenue share for each concession is determined by a unique formula negotiated in each individual contract. The Expedition School, Zilker Park Boat Rentals, and EpicSUP remit a percentage of gross revenue monthly, and the other concessions pay a monthly flat fee in addition to an annual lump sum payment based on total annual revenue. Tables 1 and 2 provide the revenue share formulas required for each concession.

Table 1. Required Monthly Fees and Formulas for Annual Revenue Share Payments to the City, by Concession

Concession	Monthly Payment to the City	Annual Lump Sum Payment
Butler Pitch & Putt	\$10,417/month	6% of annual gross revenue (gross sales minus sales tax) exceeding \$694,444
Expedition School	10% of monthly gross revenue	n/a
Lone Star Riverboat	\$1667/month	10% of annual gross revenue (gross sales minus sales tax) greater than \$200,000

Rowing Dock	\$667/month	1% of annual net revenue (gross sales minus sales tax) plus 8% of net revenue greater than \$80,000
Texas Rowing Center	\$1500/month	1% of annual net revenue (gross sales minus sales tax) plus 8% of net revenue greater than \$80,000
Austin Rowing Club	\$1000/month	1% of annual net revenue (gross sales minus sales tax) less than and up to \$80,000 plus 8% annual net revenue greater than \$80,000
Zilker Park Boat Rentals	10% of monthly gross revenue	n/a

Table 2. Required Monthly Fees and Formulas for Annual Revenue Share Payments to The Trail Conservancy

Concession	Monthly Payment to The Trail Conservancy	Annual Lump Sum Payment
EpicSUP	13.5% of monthly gross revenue	n/a

As shown in figure 3, FY23 total payments to the City totaled just over \$1.26 million. Of the FY23 revenue, \$252,288 went to the City's general fund; \$227,266 (from Butler Pitch and Putt) went to Golf ATX, an enterprise division of PARD; and \$49,173 (from EpicSUP) was paid to The Trail Conservancy.

Figure 5 below shows total revenue payments over the last five years. (These numbers include EpicSUP's payments to The Trail Conservancy.)

Figure 5. Total Concession Payments, FY19 - FY23

Table 3 below shows the breakdown of revenue payments for each concession over this period.

Table 3. Payments FY19 -- FY23, by Concession

Concession	FY19	FY20	FY21	FY22	FY23
Butler Pitch & Putt	\$73,801	\$39,068	\$98,204	\$184,032	\$227,266
EpicSUP*	\$22,199	\$38,103	\$53,302	\$72,284	\$49,173
Expedition School	n/a	n/a	\$6,086	\$4,519	\$4,75
Lone Star River Boat	\$65,237	\$64,822	\$10,002	\$68,786	\$99,561
Rowing Dock	\$146,717	\$143,031	\$138,037	\$256,927	\$262,403
Texas Rowing Center	\$205,687	\$186,225	\$188,896	\$453,171	\$322,984
Austin Rowing Club	\$146,135	\$121,161	\$114,359	\$184,451	\$247,901
Zilker Park Boat Rentals	\$62,519	\$33,401	\$91,589	\$134,608	\$99,548
All Concessions	\$753,861	\$626,124	\$700,474	\$1,286,777	\$1,313,586

*All EpicSUP revenue share payments are included in this table. In FY21, EpicSUP paid \$4,447 to the City and \$48,855 to TTC. In FY22 and FY23, all payments went to TTC.

Capital Improvements

A capital improvement is a durable upgrade, adaptation, or enhancement of a property that increases its value, often involving a structural change or restoration. Concessions are required to provide basic repairs and routine maintenance of the premises, and these expenses are captured in the expenditures reported above in figure 3. Capital improvements implemented by the concessionaires add to the value of the site and any structures thereon and provide enhancements for customers while also reducing costs to the City. The reported capital improvements for FY23 are listed below. This year, the only concession to complete capital improvements to its site was Butler Pitch and Putt.

Butler Pitch and Putt – \$78,795

Improvements to the property include new low-voltage safety lighting; new courtyard fans, misters, and string lighting; a new well water pump; a new sprayer; repair/replacement of the roofing and siding on the maintenance shed; greenside

collars expansion and sod replacement; replacement of tee box mats; and updates to the putting green drainage system.

Public Benefit

Many of the concession contracts include requirements for public benefit, such as programming for underserved youth and seniors. Among these, the contract with Austin Rowing Club includes specific requirements to provide a minimum of \$40,000/year in programming for underserved youth and designate 10% of annual rowing revenue toward financial assistance for rowing memberships, lessons, or camps. PARD's vendors typically provide benefits over and above what is required, partnering with community youth groups to provide free or discounted services and with environmental groups for lake cleanup activities.

The self-reported FY23 charitable contributions by the Town Lake Park concessions are summarized below.

Austin Rowing Club

- Provided free programming and discounts to youth and community groups, such as Boys and Girls Club, The Phoenix, PARD summer camps, and McBeth Recreation Center attendees; provided full and partial scholarships for families with demonstrated financial need; hosted lake clean-up events. Provided youth programming to underserved youths through the Rowing in Schools Experience (RISE) program at Murchison and Martin middle schools and the STEM to Stern science and water safety program at Martin Middle School.

Butler Pitch and Putt

- Provided passes for free rounds and clinics to local youth programs and non-profit fundraising events; provided cash donations to local charities on behalf of

Business League winning teams; waived venue rental fees for Tito's Shorties Classic charity event.

EpicSUP

- Hosted monthly and Earth Day lake cleanup events; donated SUPs for events for Operation Get Out and Dam That Cancer; donated gift cards to local charities for fundraising events.

Expedition School

- Provided free guided paddle sessions to individuals with severe cognitive disabilities and individuals with visual and hearing impairments; provided discounts for economically disadvantaged schools, individuals, and families; held outdoor education programs for AISD educators and middle and high school students; hosted monthly lake cleanup events; submitted weekly water quality test data to LCRA.

Lone Star Riverboat

- Donated free passes to local schools and nonprofits for fundraising events, provided reduced price tickets for bat watching cruises for the Education in Action summer program.

Rowing Dock

- Provided free equipment use for community non-profit organizations; hosted nonprofit fundraising events, including Paddle for Puppies, Alzheimer's Foundation Fundraiser, and Earth Day; provided direct contributions to the Texas River School, The Trail Conservancy, Explore Austin, and Flatwater Foundation; and provided discounted rentals to active military personnel, first responders, teachers, college students, and the Texas Outdoors Woman Network.

Texas Rowing Center

- Provided scholarships for youth rowing programs, summer camps, and adaptive programs; hosted Keep Austin Beautiful lake cleanups and other charitable paddling group events; provided gift certificates to over 50 local non-profit fundraisers; sponsorship of the Austin Parks Foundation, The Trail Conservancy, Texas River School, and TRC High Performance, a non-profit that supports elite rowing athletes training for the Olympics and World Rowing Championships.

Zilker Park Boat Rentals

- Donated free watercraft rentals for Keep Austin Beautiful lake cleanup efforts; youth camps, such as Austin Sunshine Camp and Big Brothers Big Sisters; and PARD summer camps and after-school programs. Donated gift certificates to local schools and other non-profits for charitable fundraisers.

Concessions Outside of Town Lake Park

Short-Term Permits

In addition to the concessions discussed above, which operate under long-term contracts, PARD offers short-term permits for temporary concessions and commercial uses. Permits are issued for a period of either one day or six months, and the types of concessions and commercial activities that are authorized include food trucks, vending or merchandise sales, fitness trainers, performing artists, and group tour operators. Permit fees are based on the term, the use, and the type of park. For example, six-month permits are \$1500 for metro parks and \$500 for all other parks. The total collected in FY23 from commercial use permits was \$41,691.

Details regarding the temporary concessions in Town Lake Park, including types of permits, park areas affected, and names of vendors, are included in Appendix 1.

Concessions at Golf Courses

PARD also collects fees from three vendors that operate concessions at City golf courses: two are food and beverage concessions and one is a driving range. The total FY23 revenue collected from the golf concessions was \$414,098. These funds are included in the Golf ATX budget.

Additionally, since February 2021, the food and beverage concession at Lions Municipal Golf Course has been operated by Save Historic MUNY District (SHMD), which contracts with a vendor for services and receives 10% of the vendor's net revenue. In FY23, SHMD received \$77,522. Per the City's contract with SHMD, the proceeds shall be used only for improvements to the golf course infrastructure or to upgrade or replace equipment.

Parks and Recreation Board Recommendations

Previously, PARD staff presented the FY22 report at the February 27, 2023, Parks and Recreation Board meeting. Board members voted 8-0 to recommend to Council for the continuation of Town Lake Metro Park concessions, including the following actions:

- Include consideration to recent studies and how that can impact water quality, the environment, safety, wildlife, and outdoor recreation.
- Upon expiration of a contract on Lady Bird Lake, consider findings of environmental and capacity studies on Lady Bird Lake and consult experts.
- Upon expiration of a contract, reevaluate the revenue sharing of that concession's contract and weigh it against recent rates and the public's ability to enjoy the park.

In FY23, PARD staff carefully considered the PARB recommendations and took the following actions:

Regarding the first two recommendations, in FY22 PARD commissioned a study of Lady Bird Lake capacity that considered the recreational uses of the lake and their potential environmental and social impacts. More information on the study is provided below in the Environmental Commission Recommendations section. The findings and recommendations of these studies will be taken into consideration before releasing future solicitations.

Regarding revenue sharing, the PARD Contracts Unit has begun working with the Economic Development Department and the Office of Real Estate Services to determine the value of the concession real estate. These discussions will inform the requested revenue share for any potential new vendors.

Staff presented the FY23 report to PARB on November 27, 2023, and the board voted 9-0 to recommend the report to Council that included the continuance of the current concessions in Town Lake Park.

Environmental Commission Recommendations

Previously, PARD staff presented the FY22 report at the March 1, 2023, meeting. The Environmental Commission voted 8-0 on Motion No. 20230301-005 to recommend continuation of the concession contracts on Lady Bird Lake (Town Lake) Park with the following conditions:

1. Be consistent with the Environmental Commission's previous recommendations in the 2023 Annual Report, PARD staff will verify that three years of records for marine waste disposal have been maintained for any entity that pumps waste on Lady Bird Lake and that these monthly records are included in the public record going forward.
2. PARD staff should continue to review the number of public and private watercraft that are typically on Lady Bird Lake, what the safety strategies of the City of Austin are, and their ability to meet capacity.
3. PARD should continue working on consistent terms and conditions in the various contracts to the extent practicable.
4. Include the waste pump-out data in the 2022 Annual Report and future reports.
5. Provide an update on any new concessions.
6. Provide an update on unlicensed vendor activity and the actions being taken.
7. Provide information on how carrying capacity is being addressed.
8. Report on the Zilker Eagle reconstruction, track realignment, and environmental impacts to be included in the final 2022 report.

In FY23, PARD staff carefully considered the Environmental Commission recommendations and took the following actions:

Marine Waste Disposal

In response to the Environmental Commission's recommendations regarding marine waste disposal since 2016, PARD's actions have been as follows:

- PARD monitors Lone Star Riverboat's monthly pump-outs by requiring copies of manifests.
- All boats must comply with the State of Texas Clean Water Certification Program requirements and other state requirements for boat design, installation, operation, waste documentation, etc.
- Austin Water's Lake Water Protection program requires permits for each excursion boat with onboard toilet facilities (marine sanitation devices) and each boat pump-out facility.
- Austin Water conducts inspections at least annually on boats and pump-out facilities.

Currently, only three excursion boats, with marine sanitation devices, have been permitted for use on Lady Bird Lake:

- Lone Star, operated by Lone Star Riverboat
- MV Nighthawk, operated by Capital Cruises
- MV Pride and Joy, operated by Capital Cruises

The Capital Cruise boats are launched from a private dock and thus are not under PARD's purview.

More information about the Austin Water Lake Protection Program is provided in Appendix 2.

Watercraft Census

PARD tracks the number of watercrafts in each concession's inventory and has reported these numbers in the annual concession report since FY11. Table 4 records the number and type of rental crafts in use at the six water PARD-authorized recreation concessions in FY23 and the total number of boats for each over the last five years. The total FY23 inventory of rental crafts, not including coaching launches, is 2,374, which represents an increase of 58 watercrafts over the previous year.

Table 4. FY23 Watercraft Inventory, by Type of Boat and Concession

Type of Boat	Austin Rowing Club	EpicSUP	Expedition School	Rowing Dock	Texas Rowing Center	Zilker Park Boat Rentals
Kayaks	166	33	58	214	225	70
Stand-up Paddle Boards (SUP)	145	150	39	365	473	86
Canoes	0	0	8	22	19	57
Rowing Shells	67	0	0	0	162	0
Electric Boat	15	0	0	0	0	0
Coaching Boats/Launches	11	0	0	0	11	0
Totals*	393	183	105	601	879	213

Fiscal Year	2019	2020	2021	2022	2023
Total Boat Inventory	1597	1640	1924	2316	2374

*Not including coaching launches

In response to recommendations from the Parks and Recreation Board and the Environmental Commission regarding lake saturation, in 2022 PARD contracted with a team from Huston-Tillotson University to conduct a study of lake capacity. The team

used aerial drone photography and land-based counts to estimate the number and types of watercrafts on the lake at specified peak and non-peak times. Using these boat counts, the study's authors estimated the boat density at certain segments on the lake. The results of the study were presented at Parks and Recreation Board and Environmental Commission meetings and attached as an appendix to the FY22 Annual Concession Report.

Lake Safety

PARD staff began compiling peak usage time numbers in FY18, in response to the Environmental Commission's questions regarding lake capacity and safety. Table 5 provides the numbers of rentals during weeks of peak usage, as reported by the concessionaires. The numbers represent the total rentals by each concession during designated eight-day periods including spring break (mid-March), Memorial Day, Fourth of July, and Labor Day. Table 6 provides the total number of rentals for FY23 for each location. Rental activity on these holiday weeks can vary each year due to weather. Nevertheless, the totals for FY23 are down about 35% from FY22. (The exception is Expedition School, which doubled rental activity for these weeks compared to FY22.)

Table 5: Watercraft Rented During FY23 Weeks of Peak Usage, by Concession

Holiday Week	EpicSUP	Expedition School	Rowing Dock	Texas Rowing Center	Austin Rowing Club	Zilker Park Boat Rentals	Totals
Spring Break	471	86	2,283	2,347	972	1,644	7,131
Memorial Day	1,089	257	3,435	6,695	1,913	2,429	15,818
Fourth of July	1,099	412	4,159	6,436	1,644	2,316	15,394
Labor Day	618	154	1,992	3,103	1,002	1,194	8,063

Table 6: Total Rentals for FY23, by Concession

Type of Boat	EpicSUP	Expedition School	Rowing Dock	Texas Rowing Club	Austin Rowing Club	Zilker Park Boat Rentals	Totals
Canoes	0	110	4,229	3,745	0	4,430	12,514
Kayaks	6,004	1,566	32,971	30,533	20,775	17,916	109,765
SUPs	10,827	767	17,936	48,187	5,855	11,997	95,569
Electric Boats	0	0	0	0	4,269	0	4,269
Totals	16,831	2,443	55,136	82,465	30,899	34,343	222,117

The total number of rentals for FY23 is 222,117. This number is down 33% from FY22's 333,974 total rentals, suggesting that FY22 was an outlier due to the conditions coming out of the COVID-19 pandemic.

PARD will continue to monitor the number of boats in the concessions' rental inventories and also continue to consult with Austin Police Department, Austin Fire Department, and the Texas Parks and Wildlife Department to monitor safety conditions for lake users.

Consistency Across Concession Contracts

Because the concessions operating in Lady Bird Lake Park typically have long-term contracts, with initial terms of five to ten years, it is difficult to ensure 100% consistency across concession contracts, as the scopes of work and contracts are not written at the same time. Additionally, not all vendors provide the same services or operate in the same locations, so there is some variation in the contract terms and conditions. However, all the contracts are meant to be competitively solicited following the City's Central Procurement processes, so that the request for proposal (RFP) and evaluation process are consistent for each solicitation, and each contractor is subject to standard terms and conditions applying to all city contracts. PARD staff will continue to work diligently on establishing consistent terms and conditions among the various concession contracts.

The City Central Procurement (CP) Office has been responsible for managing the procurement of goods and services for all City of Austin operations, and this includes the release of solicitations and resulting contract execution. PARD's role is to provide the scope of work (SOW) and evaluation criteria to CP. PARD works closely with CP to streamline documents and improve the SOW and evaluation language as a way to encourage more vendor responses. PARD actively provides information to prospective vendors on how the procurement process works, how to register as a vendor through the vendor registration system, and how to access solicitation notices. This collaborative solicitation process is under City review. The analysis may result in a revised solicitation process and/or other collaborative solicitation protocols between City Departments.

New Concessions

An update on new concessions is provided at the beginning of this report.

Carrying Capacity

The main goal of the 2022 HTU study was to define a carrying capacity for Lady Bird Lake and to explore issues related to managing carrying capacity. There are several definitions for carrying capacity, including ecological, recreational, special or facility, and experiential or social. In other words, these definitions focus on how many boats can be on the lake without negatively affecting the lake ecology, recreational use, safety, or user enjoyment. The study used several different methods to gather information that would help assess the carrying capacity of Lady Bird Lake, and also compared the gathered data with target numbers from published sources. In short, the study found that these target density numbers were exceeded on some Saturdays in one area of the lake—the segment from MoPac to the South Lamar Bridge. The counts were consistent with anecdotal reports of increased density during the summers of 2020, 2021, and 2022.

However, the study concluded that more research needs to be conducted to determine what deleterious effects, if any, this occasional lake density has on the lake and its users. Specific effects that can be attributed to watercraft usage, such as a decrease in water quality or an increase in safety concerns or safety incidents, if observed, may indicate that the lake has exceeded the desired lake capacity. PARD plans to follow up with further research as funding is available, but no follow-up has been initiated as of the end of FY23. Statistics and anecdotal evidence both showed that lake activity during summer 2023 was down compared to the two previous years, which could be an indication that the density situation may not be as great.

Unlicensed Vendor Activity

Per City Code § 8-1-71, If authorized by the director, a person may operate a food or beverage, rental, or service concession in Lady Bird Lake Park. Per City Code § 8-1-72, subject to certain restrictions, a person may operate a boating concession adjacent to Town Lake Park. The concessions listed in this report were so authorized. This report does not include information regarding vendors operating on private property adjacent to Lady Bird Lake, including Capital Cruises, Live Love Paddle, and Austin Paddle Shack, which operate from the south shore east of the South Congress Bridge.

PARD is aware of a number of unlicensed vendors that operate on Lady Bird Lake. These vendors have been identified by various methods: social media advertisements and postings, and reports and sightings by licensed vendors, Park Rangers, citizens, and Austin 311. The unlicensed vendors access the lake from various sites on City parkland, but they do not maintain a permanent site on the lake. Typically, their customers reserve equipment via the internet or social media platforms and the vendors transport their equipment to specific meeting points at designated times—the locations and times of distribution of craft is provided only to customers when they make their reservation. Some of the businesses only provide rental equipment, which they distribute from their trailer or van to waiting customers, and others provide guided tours on the lake. They are not available for walk-up business, like the PARD concessions, and they do not maintain a consistent presence at a particular site. In many cases, the name and owner of the unlicensed vendors is known.

These businesses are in violation of the City Code, and their unlicensed activity creates several problems. The first problem is that these businesses are using public parkland maintained by the City for their own commercial gain without compensating the City for their use of these sites. PARD does not receive any revenue share from their businesses. In contrast, the authorized businesses pay a certain revenue share to the

City in return for use of these prime sites along the lake. The unlicensed businesses also take paying customers away from contracted vendors. Moreover, the City's authorized vendors must adhere to certain rules and regulations regarding safe operations, insurance coverage, living wage requirements for employees, maintenance of the shoreline where they operate, environmental guidelines, etc. However, it's unknown what regulations and guidelines these unauthorized businesses follow, as the City has no purview over their operations.

As part of their study, the Huston-Tillotson University team addressed unlicensed vendor activity in relation to their contribution to lake density, or the total number of boats on Lady Bird Lake. In considering whether Lady Bird Lake is approaching maximum density or lake capacity, there is no question that privately owned craft and craft rented by unlicensed vendors contribute to this density. However, as the study acknowledged, it is impossible to easily distinguish by visual inspection which boats are rented and which are privately owned. Enhanced enforcement will be needed to mitigate the safety and environmental issues caused by these unpermitted activities. PARD's Park Rangers have been patrolling these areas to identify and to warn unpermitted vendors of code violations. PARD staff, along with the Austin Police Department and the City's Legal Department, are exploring options for more stringent enforcement.

Zilker Eagle Updates

The Environmental Commission requested an update on the Zilker Eagle, specifically the reconstruction, track realignment, and environmental impacts of the train. Contract information on the Zilker Eagle is included in the section on Concession Contracts (see page 10).

Staff presented the FY23 report to the Environmental Commission on January 17, 2024, and the commission voted 10-0 on Motion 20240117-002 for the continuation of the concession contracts on Lady Bird Lake with the following conditions:

1. Study and report the impact on watercraft rentals and use due to toxic algae and extreme heat.
2. Report back to commission about shuttles or transportation for underserved populations or people with limited abilities to the concessions and park.
3. Continue reporting on the public benefit concessions provide.
4. PARD staff should continue to review the number of public and private watercraft that are typically on Lady Bird Lake, what the safety strategies of City of Austin are, and their ability to meet capacity.
5. Provide an update on any new concessions.
6. Provide information on how carrying capacity is being addressed.
7. Report on the Zilker Eagle reconstruction, track realignment, and environmental impacts be included in the final 2024 report.

PARD will consider these recommendations during the upcoming fiscal year and will provide responses to these recommendations in the FY24 Annual Concession Report.

Appendix 1. Temporary Concessions and Commercial Use

Report FY23

Temporary Concession Permits and Commercial Use

Temporary concession and commercial use permits are required and issued to applicants for commercial activity needs that benefit the public's recreation experiences at approved City of Austin park locations. Permits are granted for either single-day or six-month use.

Revenue for Temporary Concessions and Commercial Use

Net Revenue: \$41,691.45

Summary of Revenue for Temporary Concessions

Temporary Concession Permits

Total Permits Issued: 31

- 6 Month Total Revenue: \$33,000.00
 - Fee/Permit: \$500.00 – \$1,500.00
- Single Day Revenue: \$1,700.00
 - Fee/Permit: \$50.00 – \$100.00

Commercial Use Permits – Instructor led groups (six month)

Total Permits Issued: 46

- Total Revenue: \$6,971.45
 - Fee/Permit: \$50.00
 - Fee/Sound Permit: \$20.00
 - Fee/Attendee: \$0.45/Attendee
- Group Attendees: 10,381 participants

Performing Artist (single day)

Total Permits Issued: 2

- Total Revenue: \$20.00
 - Fee/Permit: \$10.00

Temporary Concession Permits – Six Month and Single Day

Concession permits are issued for commercial activity (vending, merchandise sales, etc.) in the park system. Six-month and single-day permits are available.

Park Area	Vendor
Zilker Park – District or Metro	Odd Pop Mom and Pop's Natural Pops Lady Bee's Shaved Ice Jim Jim's Water Ice Amy's Ice Cream Top G Roasted Corn Il Panini
Town Lake – District or Metro	F'real – Milkshakes and Smoothies Cannone Mike's Bikes and Rentals
Northwest – District or Metro Parks	Kona Ice Sweet Frida
Northeast – District or Metro Parks	None
South – District or Metro Parks	Pawstin Barkery Body Spec
Downtown – District or Metro Parks	None
Roy G. Guerrero Metro Park	None
Zilker Park Area – Other	Cannone Pretty Cute Coffee
Town Lake – Other	Jim Jim's Water Ice 512 Epic
Northwest – Other	Austin Duck Adventures
Northeast – Other	None
South – Other	None
Downtown – Other	None

Targeted Concessions

- PARD invited vendors to apply for temporary concessions in parks with high pedestrian traffic through a Request for Applications (RFA) process. The following sites were targeted:
 - Zilker Metropolitan Park
 - Vic Mathias Shores at Town Lake Metro Park
 - PARD continued to test concessions serving a park purpose at Vic Mathias Shores – Recreation Goods/Services have shown success.

Commercial Use – Fitness Instructors and Instructor-Led Classes

- Commercial use permits are issued for instructor-led classes and exercise groups in the park system for two permit terms: January–June and July–December.

Park Area	Vendor
Northwest	Rah! Fitness
Butler Shores	Dog Training Elite – Dog Training House of Flow Yoga
Clarksville, Circle C, Ramsey, South Austin, Onion Creek, Northwest, Krieg Fields	Camp Gladiator
Dick Nichols, Springwoods	Fit4Mom
Edward Rendon Sr.	Sky Sweat
Garrison	Village Fit
Northwest, Walnut Creek, Garrison	Sit Means Sit – Dog Training
Mary Moore Searight	Mindful Gatherings
Perry	FrigNFit
Roy G. Guerrero	ATX Sprint Squad
Zilker	More Mindful Yoga Health by Galete AdZENTures Yoga

Performing Artists – Balloon Artist and Face Painting

- Performing artists are permitted to entertain in the parks using single-day permits.
- Requests for permits have been very limited since the COVID-19 pandemic.

Appendix 2. Austin Lake Water Protection Plan and Marine Waste Information

Austin Water Lake Water Protection Program

Contact: Chuck Deatherage, Supervisor, Water Protection Program, 512.972.1076,
Charles.Deatherage@austintexas.gov

CITY REQUIREMENTS

Austin Water requires excursion boats to comply with all state and federal laws. Currently, only three excursion boats with marine sanitation devices have been permitted for use on Lady Bird Lake:

- Lone Star, Lone Star Riverboat (PARD Town Lake concession)
- MV Nighthawk, Capital Cruises
- MV Pride and Joy, Capital Cruises

[City ordinance](#) (Chapter 6-5, Article 3, Division 2) governs watercraft with marine sanitation devices.

Austin Water's **Lake Water Protection Program** oversees compliance by requiring each excursion boat with an on-board toilet (marine sanitation device) and each boat pump-out facility used for removing sewage from any boat or watercraft to obtain annual permits. In each case, the owner or operator must apply for a permit and follow permit display requirements.

- [Excursion Boat with Marine Sanitation Device Permit Application](#)
- [Boat Pump-Out Facility Permit Application](#)

The ordinance authorizes the director of Austin Water to "inspect any boat, shore facility or boat pump-out facility at any reasonable time to determine compliance" with city code. Per this ordinance, Austin Water inspects each boat annually and checks for compliance with pump-out regulations. Failure to comply with any part of these rules may result in enforcement action, including fines of up to \$2,000 per violation per day.

Annual permit applications include the date of the most recent inspection, whether the applicant passed the inspection, and information about the waste removal method and provider.

STATE REQUIREMENTS

All boats and boat pump-out facilities must additionally comply with [State of Texas Clean Water Certification Program](#) requirements, whether or not the requirement to obtain a permit applies. In addition, owners and operators of all boats, marinas and shore facilities must meet other requirements related to boat sewage and sanitation facilities, including those addressing design, installation, operation, discharge prohibitions, record-keeping and waste documentation.

ILLEGIBLE OR INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED.

This form is required in accordance with Austin City Code, Chapter 6-5, Article 3 (Watercraft, Marinas, and Shore Facilities). It must be completed by the owner or operator of any watercraft operated for compensation within the City's planning jurisdiction if the watercraft has or is required to have a marine sanitation device. See reverse side of this application for applicable rules.

Applicable Regulatory Requirements for Excursion Boats

Careful attention must be paid to all applicable requirements of the Austin City Code (to view these regulations in their entirety, go to: www.austintexas.gov/boatsewage), including the following selected sections relating to excursion boats:

- From §6-5-23: "A person may not discharge sewage into the water supply."
- From §6-5-31:
 - (A) A person may not operate a watercraft on the water supply, if the watercraft has a marine sanitation device capable of discharging sewage into the water supply.
 - (B) A person may not operate a watercraft on the water supply, if the watercraft has a marine sanitation device that does not comply with all applicable local, state or federal requirements.
 - (C) A person may not operate a watercraft with one or more sleeping quarters unless the watercraft is equipped with at least one permanently installed marine toilet properly connected to a marine sanitation device.
 - (D) A person may not dispose of the contents of a marine sanitation device by any means other than: (1) discharge into a boat pump-out facility certified and permitted as required under this article; (2) discharge into an adequately-sized-on-site sewage facility permitted to receive boat sewage that is in compliance with Chapter 15-5, Article 1 (Regulation of On-Site Sewage Facilities), as applicable, and all applicable local, state, and federal regulations; or (3) collected by a liquid waste hauler that is in compliance with *Chapter 15-5, Article 2 (Liquid Waste Haulers)*, and all applicable local, state, and federal regulations.
- From §6-5-33:
 - (A) A person who operates an excursion boat with a capacity of more than twenty passengers shall have at least one marine sanitation device on the watercraft for passengers unless the excursion boat is used exclusively for cruises lasting no more than one hour that do not include food or alcoholic beverage service.
 - (B) A person who owns or operates an excursion boat with a marine sanitation device who disposes of any sewage or waste derived from sewage by using a liquid waste hauler shall keep and make available for inspection and copying by the director all waste transport and disposal records for at least three years from the date the record is created.
 - (C) A person who owns or operates an excursion boat with a marine sanitation device shall submit periodic reports and records documenting the volumes, dates, and frequency of waste removal and disposal as may be requested by the director.
- From § 6-5-35:
 - (E) A permit is not required for: (1) the owner or operator of a boat pump-out facility that is part of a marina located on or adjacent to Lake Travis that is operating under a permit from the Lower Colorado River Authority; or (2) the owner or operator of an excursion boat operated exclusively on Lake Travis at a marina facility subject to subsection (E)(1), and that is certified as required under Title 30 Texas Administrative Code Chapter 321, Subchapter A (Boat Sewage Disposal).
- From § 6-5-36:
 - (A) A person who violates a provision of this article commits an offense subject to the penalty prescribed by Section 1-1-99 (Offenses; General Penalty).
 - (B) An offense under this article is subject to the fine applicable for an offense that relates to public health and sanitation.
 - (C) Each occurrence of a prohibited act, and each day that an offense continues, is a separate offense.

Lone Star Riverboat Cruises

Lone Star Pump-outs: January 2021-October 2023

2023	2022	2021
February 15	March 1	March 1
March 21	March 22	April 13
May 11	April 4	May 20
June 8	May 16	June 17
August 7	June 16	June 30
September 5	June 24	July 12
	July 7	August 13
	August 3	September 21
	September 2	
	September 28	
	October 25	
	December 7	

Notes:

Lone Star has two 200-gallon capacity holding tanks. Each date listed above represents one 200-gallon pump-out.

As part of contract compliance, Lone Star Riverboat provides PARD with all invoices from their hauler, Sellman Enterprises, Inc. Septic Services, and waste tracking forms for hauled liquid waste. Documentation going back to 2015 is on file.

Manifest / Trip Ticket for Hauled Liquid Wastes

Austin Water

Number: **1197902**

Generator Name: <u>AUSTIN River Boat</u>		Address: <u>208 Barton Cir Rd</u>	
City: <u>Austin</u>	State: <u>TX</u>	Zip Code: _____	Phone: _____

1. Indicate the waste type (check one) and, if applicable, the tank, interceptor or trap capacity: ☐ Food service grease interceptor or trap waste
☐ Chemical toilet / portable toilet waste ☐ Wastewater from a mobile food vendor ☐ Grit / mud / oil / lint interceptor or trap waste
☐ Wastewater treatment plant sludge ☐ Wastewater from sanitary sewer system ☒ Septic tank / sewage holding tank waste
☐ Other - specify source and type of waste: _____ Tank, interceptor or trap capacity: _____ (gallons)

2. This section applies to any waste removed from food service grease interceptors or traps that are subject to Austin City Code specified pump-out frequency requirements. All food service grease interceptors or traps located within the City of Austin (COA) or located at any property that receives wastewater service from Austin Water must comply. If needed, contact Austin Water to obtain the requested COA Pollution Control Device ID.

a) Was this waste removed from a grease interceptor or trap that is subject to Austin City Code pump-out requirements? ☐ Yes ☐ No
 If NO, skip b) through f) below:

b) COA Pollution Control Device ID: ☐ unknown If ID unknown, provide device's GPS coordinates (in decimal degrees) below
 c) Percent solids/grease (estimate): _____ Latitude: 30. Longitude: -97.
 d) Is interceptor in good operating condition? ☐ Yes ☐ No If any interceptor problem or defect observed, please describe below
 e) Is submission of pump-out report required? ☐ Yes ☐ No
 f) Pump-out reporting done by: ☐ Generator ☐ Hauler ☐ N/A Name or initials of person reporting: _____

Gallons Removed: 500 Date Removed: 24-4-22

As the representative for the generator of this waste, I certify that the information provided is true and correct; and that this waste is to be transported to a facility authorized by the Texas Commission on Environmental Quality (TCEQ) to receive these wastes.

ENVIRONMENTAL COMMISSION MOTION 20240117-002

Date: January 17, 2024

Subject: 2023 Annual Report of City of Austin Parks and Recreation Department Managed Concessions on Lady Bird (Town) Lake

Motion by: Jennifer Bristol

Seconded by: Peter Einhorn

WHEREAS, the Environmental Commission has received a staff briefing of the 2023 Annual Report of City of Austin Parks and Recreation Department (PARC) Managed Concessions on Lady Bird (Town) Lake.

WHEREAS, the Environmental Commission recognizes the recommendation of the Parks and Recreation Board regarding the concessions for Lady Bird Lake.

THEREFORE, the Environmental Commission recommends continuation of the concession contracts on Lady Bird Lake with the following conditions:

Environmental Commission Conditions:

1. Study and report the impact on watercraft rentals and use due to toxic algae and extreme heat.
2. Report back to commission about shuttles or transportation for underserved populations or people with limited abilities to the concessions and park.
3. Continue reporting on the public benefit concessions provide.
4. PARC staff should continue to review the number of public and private watercraft that are typically on Lady Bird Lake, what the safety strategies of City of Austin, and their ability to meet capacity.
5. Provide an update on any new concessions.
6. Provide information on how carrying capacity is being addressed.
7. Report on the Zilker Eagle reconstruction, track realignment, and environmental impacts be included in the final 2024 report.

VOTE: 10-0
